Town Entry Treatment and 50km/h speed limit for Woolooga

- Town Entry Treatments will be installed at both ends of Woolooga on the Bauple-Woolooga Road.
- The speed limit within the township will also be reduced from 60 km/h to 50km/h.
- The changes will be in place in August 2023.

Quotes attributable to Transport and Main Roads Southern Queensland Regional Director Bill Lansbury:

"This Town Entry Treatment and speed reduction will improve safety for the Woolooga community and road users.

"Our safety team undertook a review of the speed limit taking several important factors into account including crash history, traffic volumes, types of road users, the geography of the road and its role in the road network.

"The findings were presented to the local Speed Management Committee, consisting of representatives from Transport and Main Roads, Queensland Police Service and Gympie Regional Council, which endorsed the changed speed limit.

"I urge all motorists to look out for the new speed signs and be aware of the changed 50km/h speed limit on Bauple-Woolooga Road through Woolooga township.

"I also want to remind motorists to always drive to the conditions and reduce their speed in wet weather or other adverse conditions."
