

Labrador–Carrara Road (Ross Street)

Night works

December 2015 / January 2016

About the project

Further drainage works are required at the Ross Street roundabout as part of the \$30 million Labrador–Carrara Road and Ashmore Road intersection upgrade.

These works will include saw cutting and excavation to remove the kerb and median, installation of drainage pipes and temporary asphalt crossings across all four legs of the roundabout.

Construction requires the use of heavy machinery and commercial vehicles. Activities such as rock hammering, the loading and unloading of materials, concrete cutting, dynamic rolling and the driving of guard rail posts will produce audible noise.

At various times local residents may experience changed lighting, and noise and vibration from construction activities.

The project team has strategies in place to minimise impacts wherever possible, however your patience and understanding is appreciated.

What to expect

- This work program starts on Monday 4 January 2016 and will continue throughout the month.
- Standard work hours are 6am to 10pm Monday to Friday and 8am to 10pm Saturday.

- However, some work activities will continue after 10pm due to traffic volumes and the type of work.
- Night time work hours are 10pm to 6am Monday to Friday.
- Lane closures and stop/slow traffic control will be in place.
- To ensure everyone's safety the speed limit in the area will be reduced to 40km/h at all times while this project is underway.

It is important to note that this work schedule depends on weather, site and contractor conditions and may change without notice.

Keeping informed

To keep up-to-date subscribe to the free SMS or email traffic alert systems. To register:
