

# Major traffic changes – Goodna

The Department of Transport and Main Roads is upgrading the Ipswich Motorway between Dinmore and Goodna and has formed Origin Alliance to deliver this project.

To progress upgrade works a number of traffic changes are required at Goodna which will change the way you enter and exit the Ipswich Motorway (Ipswich bound).

These works form part of the overall Ipswich Motorway Upgrade aimed at reducing congestion, improving safety and providing motorists with more reliable travel times.

The following permanent changes are expected to occur in **early December 2009**.

### **New access to the Ipswich Motorway at William Street, Goodna**

Construction is underway on the new connection to the Ipswich Motorway at William Street (Ipswich bound). When these works are complete motorists will have direct access to the Ipswich Motorway from William Street.

Vehicles will be able to travel north up William Street and turn left onto the Brisbane Road on-ramp to the Ipswich Motorway (Ipswich bound).

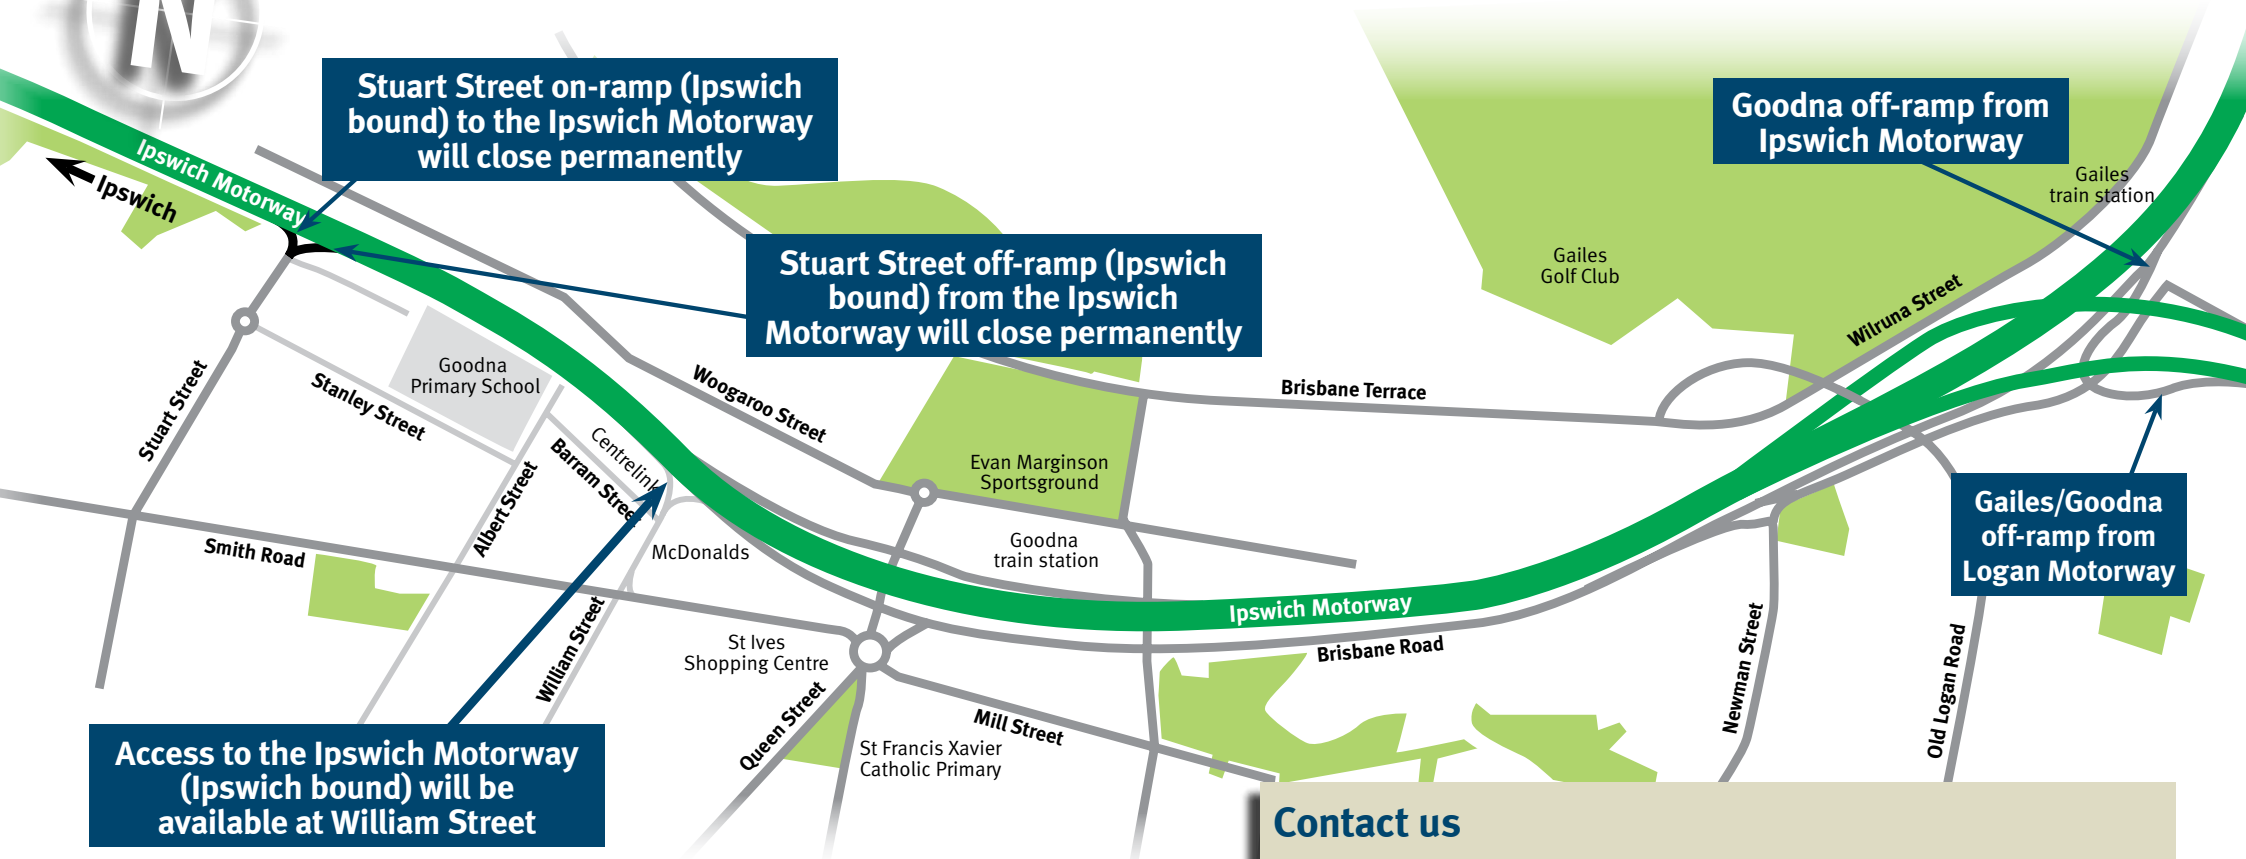

### **Permanent closure of Stuart Street on-ramp and off-ramp at Goodna**

Following the opening of the new connection at William Street, the Stuart Street off-ramp and on-ramp (Ipswich bound) will permanently close.

Motorists who currently use the Stuart Street off-ramp will be required to use the Goodna exit from the Ipswich Motorway or the Gailles/Goodna exit from the Logan Motorway at Gailles.

Signage and traffic control will be in place to assist motorists during these changes.

All works are subject to weather and construction conditions. Every effort will be made to minimise impacts on the community and we thank you for your cooperation and patience during these important works.

The community engagement team is available to answer any queries you have on **1800 465 682**.

**Please slow down – roadwork safety is your responsibility too.**
