## Ongoing work

## Goodna

Church Street underpass	Works are continuing at the Church Street underpass, with one-way traffic access from Queen Street. A long-term diversion is in place via the Bertha Street underpass for traffic travelling from north to south across the motorway.
Goodna Train Station pedestrian bridge	Works are continuing to complete the new pedestrian bridge and are ongoing in the car park. Origin Alliance is working hard to ensure the lift is operational as soon as possible, but due to current high demand the relevant parts will not be available until late May 2011.
Brisbane Road	Works are continuing along the length of Brisbane Road from the BP service station to the Goodna westbound on-ramp with the construction of retaining walls for the motorway upgrade.
Smiths Road / Bellevue Road	Finishing works on Smiths Road and Bellevue Road are continuing and will be complete by late May 2011.

## Redbank

Monash Road	Works are continuing on the Monash Road connection and will occur intermittently in this area until late 2011.

## Riverview

Brisbane Road	A small section of Brisbane Road (near Tessman Street) has been closed to motorists until early 2012. Vehicles are to detour to Ipswich Street. Pedestrian access has been maintained, however at times may be detoured to Ipswich Street.

## Dinmore

Dossie Street	Dossie Lane has been closed to traffic and Dossie Street is now a cul-de-sac at the end that joins Dossie Lane. This arrangement will be in place until approximately June 2011.
Dinmore Park	Works are continuing on the new bridge in Dinmore Park. For the duration of these works, pedestrian access to the Dinmore Train Station will be detoured around the park with temporary traffic management in place. These works will continue until approximately November 2011.
