

Mine Street, Redbank temporary closure

Mine Street, Redbank will temporarily close to traffic between Francis Street and Brisbane Road (see map) from Tuesday 3 January 2012 for approximately three weeks.

This closure is necessary to undertake construction works including excavation, kerbing, drainage, conduits, asphaltting, lighting, traffic signals, footpaths, landscaping and finishing works.

Access to Mine Street will be maintained for residents and visitors via Brisbane Road.

Traffic detours, signage and traffic control will be in place to direct motorists around the works using the new Francis Street alignment. Pedestrian access along Mine Street will be maintained at all times (see map over).

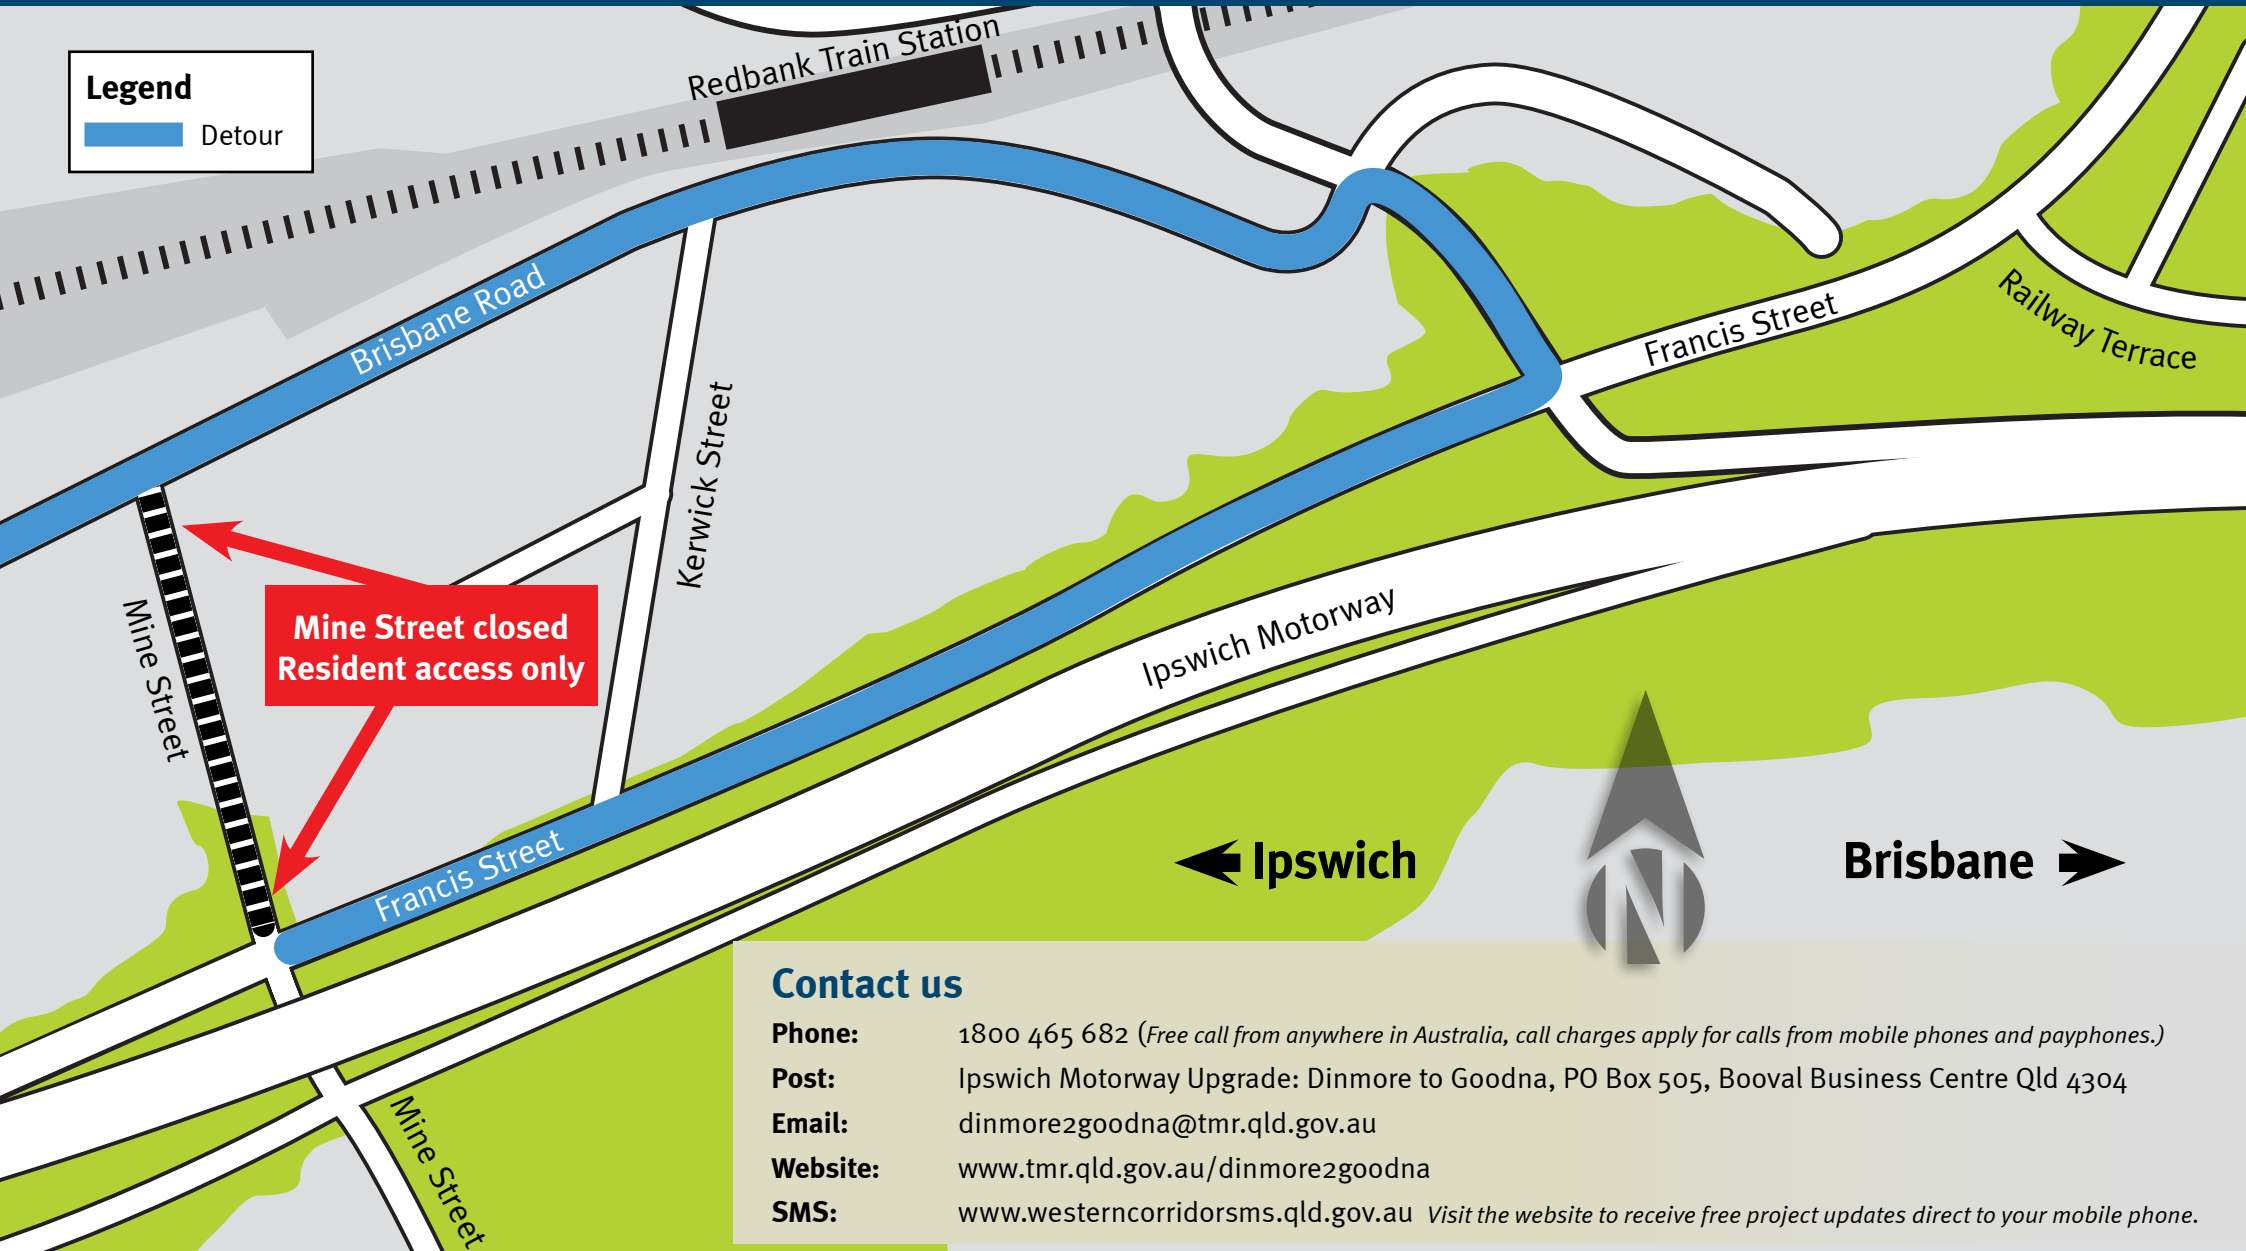

Work will be undertaken between 6 am to 6.30 pm Monday to Saturday. Works are subject to weather and construction conditions.

Every effort is being made to minimise the impacts on the local community and we thank you for your patience and understanding during these important works.
