

## Gateway Upgrade South and South East Busway extension

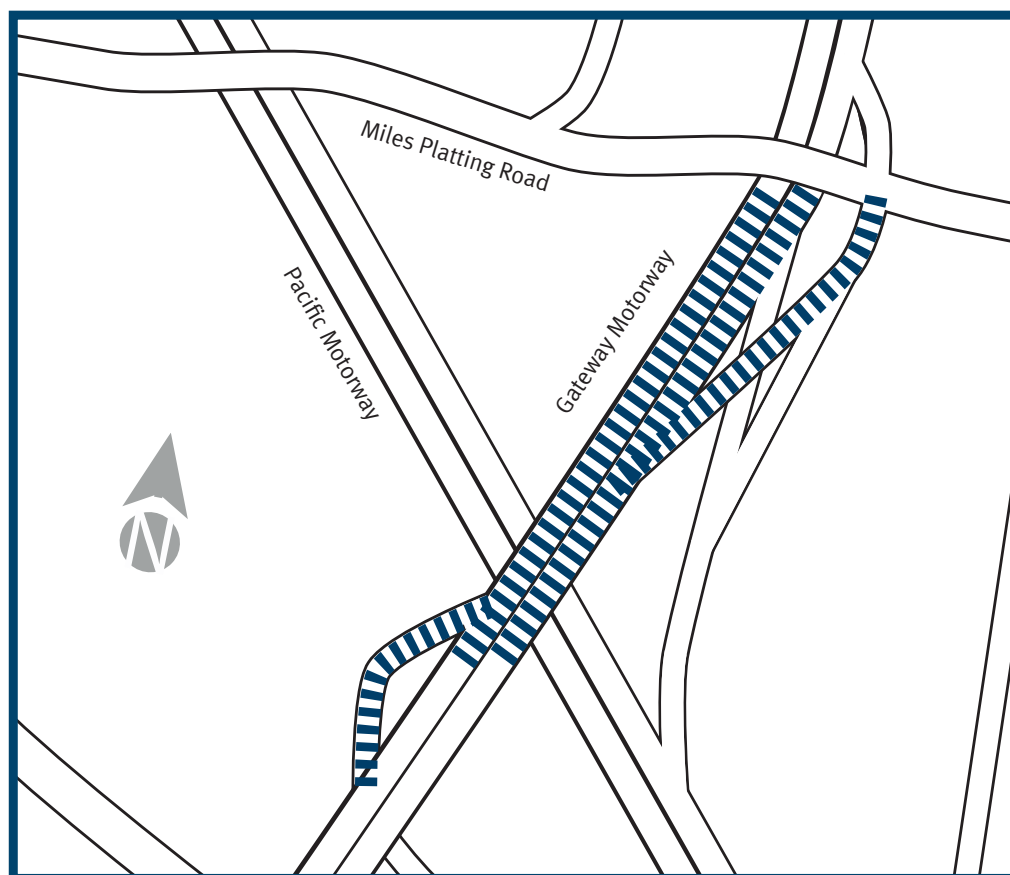

### Nightworks - Gateway Motorway, Eight Mile Plains

Nightworks will be required to complete asphaltting, line marking and sign installation works on the Gateway Motorway, Eight Mile Plains, as part of the Gateway Upgrade South and South East Busway extension. Works will be undertaken on weeknights between 8pm to 5am from Wednesday 29 January to Friday 7 February, 2014, weather permitting. These works will require reduced speeds and lane closures through the works zone. Short delays are expected.

#### What to expect during these works:

- Traffic controls and signage will be in place to guide motorists.
- The speed limit will be reduced to 40km/hour to ensure the safety of motorists and roadworkers.
- These works will require equipment that may produce minor noise disruptions.
- Minor traffic delays may be expected.

Every effort will be made to keep disruptions to a minimum.
