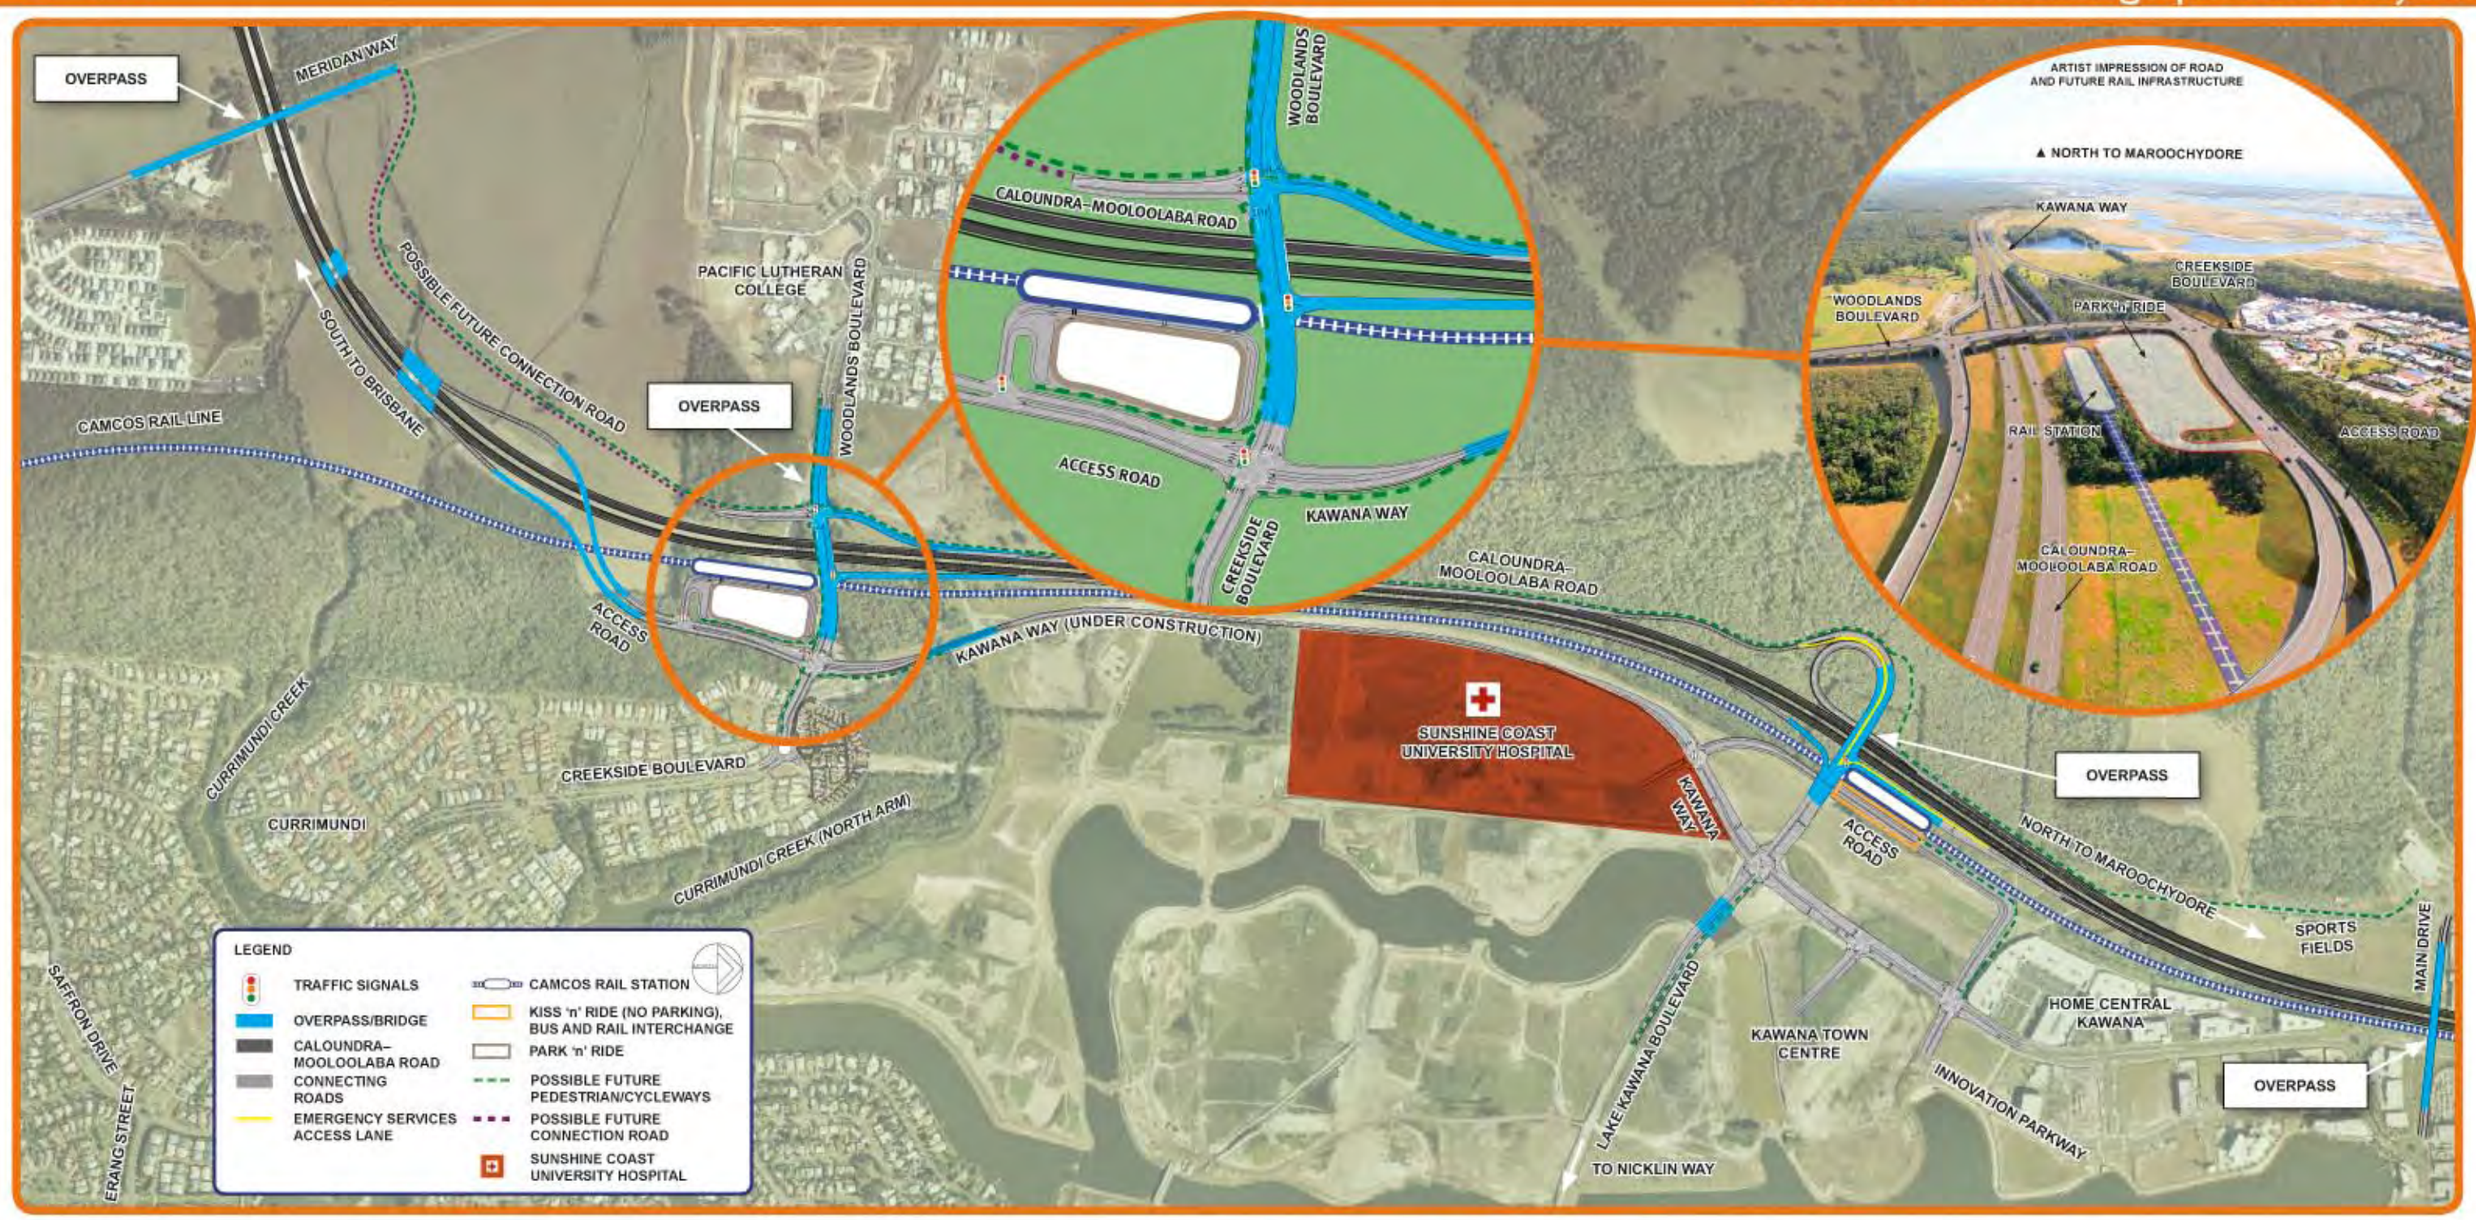
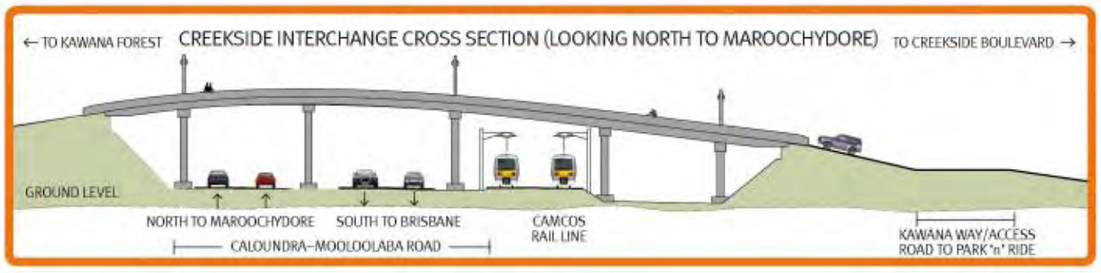
Creekside Interchange preferred layout





Key features of the Creekside Interchange preferred layout

The Creekside Interchange will provide:

- access to local and major road networks including Caloundra–Mooloolaba Road, Kawana Way and Creekside Boulevard
- access to the future Creekside Rail Station, bus connections and Park 'n' Ride facilities
- maximised vegetation buffer between Oakdale Circuit and the rail station access road
- access to Kawana Town Centre and to the proposed Sunshine Coast University Hospital on Kawana Way
- dedicated off street pedestrian pathways and cycleway access to link Creekside Boulevard, Kawana Way and the rail station with Kawana Forest and Pacific Lutheran College on Woodlands Boulevard.
