## Ongoing work

### Goodna

Church Street underpass	Works are continuing at the Church Street underpass, with one-way traffic access from Queen Street. A long-term diversion is in place via the Bertha Street underpass for traffic travelling from north to south across the motorway.
Goodna Train Station pedestrian bridge	<p>Works are continuing to complete the new pedestrian bridge. The existing footpath along a section of Brisbane Road near the lift, has temporarily closed with pedestrian access diverted through the Queensland Rail car park. This diversion will be in place for approximately two months. Access to the pedestrian bridge will be maintained.</p> <p>Origin Alliance is working hard to ensure the lift is operational as soon as possible, but due to current high demand the relevant parts will not be available until late May 2011.</p>
Brisbane Road	Works are continuing along the length of Brisbane Road from the BP service station to the Goodna westbound on-ramp with the construction of retaining walls for the motorway upgrade. Works will be ongoing until late 2011.
Smiths Road/Bellevue Road	Finishing works on Smiths Road and Bellevue Road are continuing and will be complete by June 2011.

### Redbank

Mine Street	Works to complete the section of Mine Street between Collingwood Drive and the interchange are expected to be completed in June 2011. Major works on the Mine Street interchange will be ongoing until late 2011.

Tessman Street overpass and Brisbane bound on-ramp	Both the Tessman Street overpass and Brisbane bound on-ramp to the Ipswich Motorway at Riverview have permanently closed. Alternative routes are via Riverview Road to the Warrego Highway on-ramp or via Old Ipswich Road to the Francis Street on-ramp. The Endeavour Road connection is now open for motorists to access north and south Riverview.

## Dinmore

Dossie Street	Earthworks have commenced along Dossie Lane in preparation for the construction of the new retaining wall. To facilitate these works, Dossie Lane has been closed to traffic and Dossie Street is now a cul-de-sac at the end that joins Dossie Lane. This arrangement will be in place until approximately June 2011.
