

Major traffic change – Ipswich Motorway diversion from Redbank to Wacol

Major works are being undertaken on the Ipswich Motorway between Redbank and Wacol. These works include:

- removal of the existing Law Street pedestrian bridge at Redbank
- installation of drainage across the Ipswich Motorway at Goodna
- installation of gantries between Gailes and Wacol.

Traffic on the Ipswich Motorway (Brisbane bound) will be diverted temporarily off the motorway at Brisbane Road, Redbank during the following times:

- 7.00pm Thursday 13 to 5.00am Friday 14 May
- 7.00pm Friday 14 to 5.00am Saturday 15 May
- 5.00pm Saturday 15 to noon Sunday 16 May
- 7.00pm Sunday 16 to 5.00am Monday 17 May

Traffic will follow the diversion from Brisbane Road, Redbank through to Brisbane Terrace, Goodna. Traffic heading to the Logan Motorway and all Brisbane bound heavy vehicles will be detoured over the Henry Ellerton Bridge ('City of Ipswich' bridge). Light vehicles that are Brisbane bound will stay on Wilruna Street to the Progress Road Interchange at Wacol where they will join the Ipswich Motorway (refer to detour map over the page).

Traffic on the Ipswich Motorway (Ipswich bound) will be reduced to one lane during these periods.

These works require the closure of the Mine Street, Bridge Street and Church Street on-ramps to the motorway (eastbound) and traffic will be detoured to Brisbane Road or Brisbane Terrace at these times.

Detour signage and traffic control will be in place along the length of the diversion.

Access to properties along this detour will be maintained whenever possible, however we ask people to be patient and take care when exiting or entering properties.

Two Ipswich Motorway project teams are coordinating these works within a short timeframe to minimise impacts to motorists and further detours.

Delays are expected so please plan your trip. Allow additional time to get to your destination and avoid the area if possible. **All works are subject to weather and construction conditions.** We thank you for your cooperation and patience during these important works.

The community engagement team is available to answer any questions you may have on **1800 465 682**.
