

Ipswich Motorway Upgrade – Dinmore to Goodna

Traffic changes – December 2010

The Department of Transport and Main Roads is upgrading the Ipswich Motorway between Dinmore and Goodna and has formed Origin Alliance to deliver this project. In **December 2010**, several traffic switches are planned on the Ipswich Motorway between Dinmore and Goodna.

Riverview

Brisbane bound traffic will be realigned onto the newly constructed bridge that forms part of the Endeavour Road connection at Riverview. This will allow for the ongoing construction of the Endeavour Road connection.

Redbank

Ipswich bound traffic will be realigned onto the newly constructed bridge at Six Mile Creek, Redbank. This realignment will allow for the construction of the final bridge at Six Mile Creek.

Goodna

Ipswich bound traffic will be realigned onto a section of permanent motorway in the vicinity of the William Street on-ramp at Goodna.

All works are subject to weather and construction conditions. Origin Alliance would like to thank motorists for their ongoing patience during these works.
