

Bruce Highway Upgrade

Caloundra Road to Sunshine Motorway

Construction notice

February 2017
Ref: CN04

Temporary road closure – Wilsons Road, Tanawha

Preliminary construction is continuing on the Bruce Highway Upgrade – Caloundra Road to Sunshine Motorway in preparation for major construction to begin in mid-2017.

As part of preliminary construction activities, the location of underground services, such as water, need to be confirmed so that detailed planning for construction can progress.

Pot holing techniques and a vacuum truck are typically used to locate, identify and confirm the depth of existing services.

Due to the limited working room, road width and the location of existing services on Wilsons Road, Tanawha, the road will be temporarily closed to all road users while service location works are being undertaken.

Working hours

Works will commence from 6am Monday 13 March 2017 and are expected to be completed by 6pm.

A full closure of Wilsons Road is planned between 10am and 2pm.

Please note this schedule is subject to change due to weather and other site conditions.

What to expect

- **Temporary closure:** When excavation is underway as part of the service location works, the work zone will be temporarily closed to all road users. This is planned to be between 10am and 2pm. The work zone is shown on the map overleaf.
- **Access:** Access to Wilsons Road will be limited during excavation works and residents can expect delay during the road closure. The project team has strategies in place to manage emergency access for vehicles should this be

required during the work period.

- **Audible noise:** Audible noise from construction activities and heavy machinery can be expected. Reversing beepers and flashing lights are a safety requirement and will be used at all times during work hours.
- **Traffic control:** During working hours, traffic control will be in place with reduced speed limits near the work zone.

Importantly, if you anticipate that the full closure of Wilsons Road will affect your personal circumstances, please contact the project team on 1800 749 022 to discuss.

Subscribe to the free SMS and email service to receive regular updates about project activities and construction. To register, please visit the project website at www.tmr.qld.gov.au (search for 'Caloundra Road interchange').

What's next

Detailed design work is continuing to prepare a final design for construction. Preliminary construction activities are continuing in preparation for major construction to commence in mid-2017.

Preliminary construction activities include:

- survey and other monitoring and investigation works
- site preparation works for the main site compound and satellite offices
- vegetation trimming and removal
- building demolition works.

Generally, day works are completed Monday to Friday from 6am to 6pm. Night works are undertaken Sunday to Thursday from 7pm to 5am.
