

Bruce Highway Upgrade

Caloundra Road to Sunshine Motorway

Northern work zone

Permanent closure of right turn lane to Sunshine Motorway westbound

The Department of Transport and Main Roads would like to advise that the right turn lane to the Sunshine Motorway westbound from the Bruce Highway southbound off ramp at Tanawha will be permanently closed from 6 November 2018, weather permitting.

As part of the Bruce Highway Upgrade, the Sunshine Motorway interchange will be totally reconfigured and will include a secondary access to the new western service road.

The permanent closure of this access allows the project team to begin work in this area, and is required for safety reasons.

Barricades will be installed to separate road users and roadworkers. Motorists can access the Sunshine Motorway by using Sippy Downs Drive and take the westbound on ramp to the Sunshine Motorway.

Please refer to the map below for more information about the closure.
