

Bruce Highway Upgrade

Caloundra Road to Sunshine Motorway

Northern work zone

Rock hammering

The Department of Transport and Main Roads would like to advise that rock hammering activities will be undertaken near the Bruce Highway, adjacent to Wilson Road, Tanawha from 10 December 2018, weather permitting, as part of works on highway's northbound carriageway.

The activity will involve breaking away the rock face near Wilson Road and is anticipated to take about three months to complete, weather permitting. Excavators with rock hammers will be used to complete the work.

The map below shows the work zone.

Working hours

Please note that rock hammering activities **will only be undertaken during the day** and are dependent on weather conditions.

The project's working hours are:

- **Day works:** Monday to Saturday, 6am to 6pm.

Construction notice

XX December 2018

Ref: CN40

- **Night works:** Sunday to Thursday, 7pm to 5am.

What to expect:

- **Noise and vibration:** Residents and motorists can expect to feel vibration and hear some noise during the day. Noise and vibration monitoring will be undertaken as required.
- **Changed traffic conditions:** Motorists travelling along the Bruce Highway northbound in the centre median will have speed maintained at 80km.
- **Increased construction traffic:** There will be an increase in heavy vehicles and machinery in the area during working hours.

We thank you for your patience and cooperation during these works.
