

# Bruce Highway Upgrade

Caloundra Road to Sunshine Motorway

## Northern work zone

### Traffic changes at Wilson and Cunning roads, Tanawha

From early September 2018, new local traffic arrangements will be implemented for Wilson and Cunning roads in Tanawha.

As part of the upgrade, Wilson Road is being realigned to allow for construction of new ramps at the Sunshine Motorway interchange while a new intersection on Cunning Road will provide local access to Wilson Road as part of the ultimate removal of the Wilson Road intersection at the interchange.

To enable construction to progress into new work areas, temporary traffic changes will be in effect during the next stage of construction.

Please refer to the map overleaf for more information about the local traffic changes.

#### What to expect:

**Changed traffic conditions for accessing Cunning and Wilson roads will be in effect from early September 2018.**

Importantly, local access to the Sunshine Motorway (eastbound) and Bruce Highway (northbound) will be maintained during this stage.

#### Cunning Road, Tanawha

- To complete the asphalt work on Cunning Road, the road will be closed between 10pm and 2am for one night. A message board will be placed on Cunning Road to notify local residents when the closure will occur. Priority access through the work zone will be given in an emergency.
- A section of Cunning Road will be permanently closed with all motorists required to use a new intersection approximately 90m north of the existing entry/exit.

#### Wilson Road, Tanawha

- Changed traffic conditions will remain in place on Wilson Road. This includes the operation of a single traffic lane with traffic signals at the northern end of Wilson Road.

## Construction notice

August 2018

Ref: CN32

- Motorists wishing to access Wilson Road will be required to travel via Cunning Road to a new intersection.
- Motorists exiting Wilson Road are required to Give Way to motorists travelling on Cunning Road.

### Working hours

The project's working hours are:

- **Night works:** Sunday to Thursday, 7pm to 5am.
- **Day works:** Monday to Saturday, 6am to 6pm.

It is important to note that these activities are dependent on weather conditions.

### Other construction activities nearby:

#### Day works (Mon-Sat, 6am-6pm):

- Ongoing major earthworks and drainage works near Sippy Creek, Cunning and Tanawha roads and the Bruce Highway median (north of the Sunshine Motorway).
- Service relocation works for electricity near Tanawha Road, Kirby Court, the Sunshine Motorway and Sippy Downs interchanges.
- Ongoing works associated with the watermain relocation on Tanawha Road.
- Continued earthworks and drainage works for construction of the new western service road between Martin Road and Sippy Creek Road.
- Pavement works near Sippy Creek Road and the adjacent new local road.

#### Night works (Sun-Thurs, 7pm-5am):

- Vegetation removal activities.
- Service relocation works for telecommunications and electricity.
- Installation of precast bridge components at the Sunshine Motorway interchange.
- Ongoing works from Sunshine Motorway interchange to Sippy Downs.
- Scheduled maintenance activities in various areas.

# Traffic changes at Wilson and Cunning roads, Tanawha

## KEY

-  New alignment – two lanes
-  New alignment – single lane with signals
-  Road closed

Note: Map is not to scale and is indicative only.

## Final design at Wilson and Cunning roads, Tanawha

Temporary traffic changes are required to facilitate construction of the final road design (see below). A new intersection on the western service road will provide local access to the Bruce Highway, Sippy Downs interchange and Sunshine Motorway.
