

Bruce Highway Upgrade

Caloundra Road to Sunshine Motorway

Notice to motorists

Night works near northbound Bruce Highway Exit 190 to Frizzo Road

Construction notice

August 2019

Ref: CN52

The Department of Transport and Main Roads would like to advise that night works will be carried out near the Bruce Highway northbound exit (Exit 190) to Frizzo Road from Sunday 18 August 2019, weather permitting.

The works will occur in a small section of road reserve between the northbound exit ramp (Exit 190) and northbound Bruce Highway carriageway, as shown in the map below. This will include constructing a temporary road connection in preparation for upcoming traffic changes in the area.

Working hours

Night works will be required to complete these activities.

The project's working hours are:

- **Night works:** Sunday to Thursday, 7pm to 5am.
- **Day works:** Monday to Saturday, 6am to 6pm.

The works are expected to take four weeks, weather and site conditions permitting.

What to expect

- **Audible noise:** Heavy machinery, including excavators, loaders and body trucks, will be in use and nearby residents should expect audible noise. Reversing beepers and flashing lights are a safety requirement and will be used at all times during day and night working hours.
- **Traffic control and lane closures:** Traffic changes will be in place including reduced speed limits, road shoulder and lane closures, changes to traffic flow and short-term traffic disruptions.
- **Temporary lighting:** Generator powered lighting towers will be used to light work areas at night.

We thank the local community for your patience and cooperation during these works.
