

Bruce Highway Upgrade

Caloundra Road to Sunshine Motorway

Southern work zone

Night works near Bruce Highway on-ramp from Pignata Road

Construction notice

March 2019

Ref: CN46

The Department of Transport and Main Roads would like to advise that works will be carried out near the Bruce Highway southbound on-ramp from Pignata Road during the day and night from Sunday 24 March 2019, weather permitting.

The works will occur in the triangular section of land between the southbound highway on-ramp and Bruce Highway southbound carriageway, as shown in the map below. This will include top soil stripping, earthworks and pavement activities in this area to make way for the new highway.

Working hours

Both day and night works will be required to complete these activities.

The project's working hours are:

- **Night works:** Sunday to Thursday, 7pm to 5am.
- **Day works:** Monday to Saturday, 6am to 6pm.

The works are expected to be completed within four weeks, weather and site conditions permitting.

What to expect

- **Audible noise:** Heavy machinery, including excavators, loaders and body trucks, will be in use and nearby residents should expect audible noise. Reversing beepers and flashing lights are a safety requirement and will be used at all times during day and night working hours.
- **Traffic control and lane closures:** Traffic changes will be in place including reduced speed limits, road shoulder and lane closures, changes to traffic flow and short-term traffic disruptions.
- **Temporary lighting:** Generator powered lighting towers will be used to light work areas at night.

We thank the local community for your patience and cooperation during these works.
