Notice to motorists
Westbound Sunshine Motorway changes in Sippy Downs

The Bruce Highway Upgrade – Caloundra Road to Sunshine Motorway (CR2SM) is progressing well. A number of traffic changes are occurring on major and local roads to facilitate ongoing construction works.

In the week commencing Monday 14 October 2019 (weather permitting), westbound Sunshine Motorway traffic will be diverted onto a new 1km section of road from Sippy Downs to the Bruce Highway. This new section of road will ultimately become the future southbound entry ramp directly linking Sippy Downs to the Bruce Highway.

These traffic changes will allow for the existing lanes of Sunshine Motorway to be upgraded.

Please refer to the map overleaf.

Working hours
Both day and night works will be required to complete these works.

The project's working hours are:
- Night works: Sunday to Thursday, 7pm to 5am.
- Day works: Monday to Saturday, 6am to 6pm.

It is important to note that these activities are dependent on weather conditions.

What to expect

Traffic detours and lane closures:
- Sunshine Motorway westbound traffic will be intermittently detoured at night to facilitate these changes.
- Temporary lane closures will also occur to allow for pavement works, signage and guardrail installation and line marking.
- Traffic controllers and police will be present to assist motorists if required.
- Motorists are advised to follow directional signage and allow extra travel time.

Temporary lighting and audible noise
- Lighting towers will be used at night.
- Audible noise from construction activities and heavy machinery can be expected.

We thank the local community for your patience and cooperation during these works.
