Notice to motorists
Vegetation removal along eastern side of Bruce Highway in Tanawha

The Department of Transport and Main Roads would like to advise that vegetation removal works will be carried out along the eastern side of the Bruce Highway, north of the Sunshine Motorway, in the week commencing Monday 11 November 2019 (weather permitting).

The works will occur over one week and will involve removing vegetation as part of roadworks to upgrade the highway. Fauna spotters will monitor the vegetation removal works to ensure wildlife is protected and relocated, if required.

Working hours
Day works will be undertaken to complete these activities.

The project’s working hours are:

- **Night works**: Sunday to Thursday, 7pm to 5am.
- **Day works**: Monday to Saturday, 6am to 6pm.

**What to expect**

- **Audible noise**: Heavy machinery, including chainsaws and mulchers, will be in use and nearby residents should expect audible noise. Reversing beepers are a safety requirement and will be used at all times during working hours.
- **Traffic control and lane closures**: Traffic changes will be in place including reduced speed limits, road shoulder and lane closures, changes to traffic flow and short-term traffic disruptions.

*We thank the local community for your patience and cooperation during these works.*
