

# Bruce Highway Upgrade

Caloundra Road to Sunshine Motorway

## Construction notice

May 2018

Ref: CN29

## Palmview update

The Department of Transport and Main Roads (TMR) would like to provide Palmview residents with an update about the Bruce Highway Upgrade – Caloundra Road to Sunshine Motorway (CR2SM).

We can advise that the majority of service relocation works are now complete near Greenhaven Drive and Laxton Road with some minor finalisation works currently underway.

### Temporary realignment

Works are now progressing on the temporary realignment of the southbound Pignata Road in order to maintain access to the Bruce Highway during construction of the cul-de-sac at the southern end of Pignata Road, adjacent to Laxton Road.

The Bruce Highway's southbound carriageway will also be temporarily realigned as part of this work.

Construction of three bridges, major earthworks and drainage works are progressing for the construction of the new Bruce Highway southbound carriageway and exit ramp to Caloundra Road.

### Access changes to the Bruce Highway

As part of the final design for the upgrade, access to the Bruce Highway from the southern end of Pignata Road will eventually be closed.\* This closure is scheduled to occur late in the construction program after the Western Service Road is constructed and you will be advised in advance of the closure.

\*Please note that provision has been made for access to the highway during emergencies.

### Working hours

Both day and night works will be required to complete these works.

#### The project's working hours are:

- Night works: Sunday to Thursday, 7pm to 5am.
- Day works: Monday to Saturday, 6am to 6pm.

It is important to note that these activities are dependent on weather conditions.

### What to expect:

- **Increased construction traffic:** Residents can expect increased construction traffic travelling on these roads. Pedestrians, cyclists and other road users should take care when travelling through the area.
- **Construction activities:** Nearby residents can expect heavy vehicles and machinery to be used that may cause increased noise and dust. Reversing beepers and flashing lights are a safety requirement and will be used during work hours.

***We thank you for your patience and cooperation during these works.***

### Other upcoming construction activities:

#### Day works (Mon-Sat, 6am-6pm) will include:

- Vegetation removal activities.
- Ongoing major earthworks and drainage works near Sippy Creek, Cunning and Tanawha roads and the Bruce Highway median (north of the Sunshine Motorway).
- Service relocation works for electricity near Ashburton Crescent, Sippy Creek and Tanawha roads.
- Bridge piling works to commence at the Caloundra Road interchange.

#### Night works (Sun-Thurs, 7pm-5am) will include:

- Vegetation removal activities.
- Service relocation works for telecommunications and electricity, including temporary stoppages on the Bruce Highway between the Pignata Road underpass and the Sunshine Motorway.
- Pavement widening works on the Bruce Highway and Caloundra Road.
