Ipswich Motorway Upgrade: Rocklea to Darra – Stage 1

EASTBOUND TRAFFIC – Major traffic switch Donaldson Road overpass to Oxley Road roundabout, Oxley.

The Eastbound major traffic switch (originally scheduled for 22/23/24 March) will now occur from 4pm Sunday 31 March to 4am Monday 1 April 2019.

Eastbound traffic will be switched onto a new alignment on the weekend of Sunday 31 March from 4pm and finish 4am Sunday 1 April.

- Eastbound motorists will travel the new alignment Monday 1 April as well as traffic entering from the Oxley Road Roundabout entry ramp (Map 1).

If the traffic switch cannot occur due to adverse weather or construction conditions, it will be moved to the next possible weekend.

On this weekend, restrictions will be in place at night and in the early morning with only one motorway traffic lane open in each direction. Motorway lanes may also be impacted beyond these periods if unexpected construction conditions are encountered.

We apologise for the inconvenience. Delays are expected, particularly Sunday afternoon. Please consider alternative routes when planning your journey. Remain alert, follow detour signage, be patient, and please drive safely. We will do our best to get the work done and minimise disruption.

This scheduled Eastbound traffic switch follows the Westbound traffic switch successfully realigned onto the new southern service road over Oxley Creek last weekend.

Thank you for your cooperation,

The Project Team
