

Ipswich Motorway Upgrade: Rocklea to Darra – Stage 1

Permanent closure of Ipswich Mwy (Westbound) Exit ramp to Boundary Road

January 2018

From 4 February 2018 the Boundary Road exit ramp will be closed (weather, site and construction condition permitting). This permanent closure will help improve safety and traffic operation by reducing the number of locations of merging and diverging traffic on the motorway.

Access to Boundary Road, the southern Rocklea industrial precinct, and the Donaldson Road overpass will be via the Randolph Street exit ramp. Temporary signage will be in place to assist road users. Please see the attached map showing the exit ramp closure and alternative exit ramp location.

Once the upgrade is complete in late 2020, the new southern service road will extend from the Granard Road interchange to the Oxley Road roundabout and will improve local connectivity and help keep local trips off the motorway.
