TEMPORARY ACCESS CHANGES

Darnay Road, Broadbeach Waters (stage 2 works)

Southport–Burleigh Road network improvement program Southern section (Fremar Street to Rudd Street)

The Department of Transport and Main Roads is carrying out works to upgrade Southport–Burleigh Road (Bermuda Street), Broadbeach Waters.

As part of works in the southern section, access to Darnay Road will temporarily change as major pavement works are completed at the Bermuda Street intersection.

The temporary access changes at Darnay Road are required to allow major pavement and other intersection upgrade works to be completed safely.

Following the completion of stage 1, works will now commence on the second stage.

Timeframes – stage 2

Temporary access changes for motorists entering and exiting Darnay Road will be in place during the second stage of works at the Bermuda Street intersection:

- **From 7pm Thursday 26 May 2016**

It is important to note that this schedule may change without further notice due to weather, site and contractor conditions.

What to expect

- Changed traffic conditions for entering and exiting Darnay Road – please take care and follow the directional signage.
- Motorists can expect increased congestion and traffic on other surrounding routes for the duration of works.
- The majority of work will be completed during the day however some out of hours (night works) will be necessary to complete the work.

- There are no changes to vehicle movements at the intersection and motorists exiting Darnay Road will be able to travel north or south on Bermuda Street, including east to Rudd Street.
- These works require the use of heavy machinery and construction equipment that will produce audible noise. The project team has strategies in place to minimise impacts wherever possible, however your patience and understanding is appreciated.
- Pedestrian access will be maintained and clearly signposted.
