

# Footpath works

## High Street, Ferry Road & Queen Street, Southport

Southport–Burleigh Road network improvement program  
Northern section (North Street to Vespa Crescent)

May 2016

Transport and Main Roads (TMR) is upgrading a 5-kilometre section of Southport-Burleigh Road (High Street, Ferry Road and Bundall Road) between North Street, Southport and Vespa Crescent, Bundall.

TMR's contractor – BMD Constructions – has started works in zone two on:

- the off-road shared pedestrian and cycle pathway along High Street and Ferry Road (between the intersections of Lawson Street and Charlton Street), and
- footpath works along Queen Street (between the intersections of White Street and Garden Street).

See zone map on reverse.

To complete construction as quickly as possible, works will occur in several zones at the same time.

### Pedestrian access

Where possible, temporary pedestrian access will be provided near the works zones.

In cases where there isn't enough space to provide such temporary access, pedestrians will be required to walk around the works by using the footpath on the opposite side of the road. Please cross safely at the closest traffic signals.

These traffic signals are located at:

- Ferry Road with the intersection of:
  - Queen Street, Minnie Street, Harvest Court and Brolga Avenue.
- Queen Street with the intersection of:
  - High Street and Garden Street.

### Driveways

Some driveways are to be replaced as part of these works. If your driveway is affected, you will be contacted by the project team before the works start near your property.

### Parking

The on-street parking in these areas will be progressively and permanently removed before these works start.

### Work hours

Standard work hours are 6am to 6pm Monday to Saturday.

To keep local traffic moving, BMD is maintaining two lanes of traffic in each direction during the day. Where there is insufficient room to maintain two lanes of traffic, upgrade works will be constructed at night under single lane closures.

Night works will occur from 6pm to 6am Sunday to Thursday.
