

Night bridge piling – Wed 1 & Thurs 2 June 2016

Southport–Burleigh Road network improvement program Northern section (North Street to Vespa Crescent)

May 2016

Work is occurring to widen Benowa Canal Bridge on Bundall Road, Bundall as part of Transport and Main Road's (TMR) northern upgrade of Southport-Burleigh Road (High Street, Ferry Road and Bundall Road).

Most piling is occurring during the day, however, four piles on the western side of the bridge (One 50 Public House/Corporate Centre side) need to be installed on an angle. During installation, these piles will extend over the road requiring temporary lane closures.

Night piling works will occur this week on Wednesday 1 and Thursday 2 June 2016 from 7pm to 11pm.

Night piling will occur again in the coming weeks. Further details will be provided before the works occur.

Traffic changes

During these night piling works, temporary traffic changes will be in place on Bundall Road between Karp Court and Slatyer Avenue.

- From 7pm, both traffic lanes on the northbound carriageway (One 50 Public House/Corporate Centre side) will be closed.
- One lane in each direction (northbound and southbound) will be provided on the southbound side of Bundall Road. See map on reverse.

What to expect

- Bundall Road will be reduced to one lane in each direction between Karp Court and Slatyer Avenue. Motorists are asked to pay attention and follow directional signage.
- The speed limit will be reduced to 40kph in the works zone.

- Access to Holden Place businesses will be maintained, although points of access may change. Traffic controllers and police will be in place to direct motorists.
- A constant 'bang, bang' sound will occur during pile driving.
- Pedestrian access on Bundall Road will be on the eastern (rowing club/ The Arts Centre) side of the bridge only during these night piling works. Please walk around the works via the traffic signals at Karp Court and Slatyer Avenue/Thomas Drive.

Work hours

Standard work hours are 6am to 6pm Monday to Saturday. Night works will occur from 6pm to 6am Sunday to Thursday, when required.

To minimise disruption to the community, night piling works will only occur on selected nights between 7pm and 11pm.

Whilst every effort will be made to minimise impacts, this work will be noisy.
