

## Conveyance Allowance (drought assistance) arrangements

Conveyance Allowance (drought assistance) is designed to assist families who reside on drought declared primary producing properties with the costs of transporting their children to and from school.

### Your drought assistance

Your drought assistance will continue while you are in receipt of Conveyance Allowance Class A or C and you continue to:

- reside on a primary producing property as determined by the Department of Agriculture and Fisheries (DAF) in a shire council/regional council that is currently drought declared by DAF.
- or
- reside on a primary producing property which is officially declared an 'individually droughted property' (IDP) by DAF.

### Drought payments

Your drought payment will be paid:

- in addition to the existing Conveyance Allowance currently approved. (Refer below for amounts payable)
- in April for the first semester (January to June) and October for Semester two (July to December).
- while you remain living on your primary producing property. Payments will continue for two years after the property is officially removed from the drought declared list, provided your circumstances do not change.
- while students are in attendance at school.

### Please Note:

- the existing Conveyance Allowance A and C payments will continue to be made in June and December
- any change of address will require a new application and a new assessment
- should you have any questions about school transport, drought assistance or Conveyance Allowance payments please contact the nearest Department of Transport and Main Roads office listed over page
- drought assistance is not available for families who receive Class I Conveyance Allowance for students in isolated areas.
