# Introduction

Transport and Main Roads is *partnering* with industry to deliver *high quality transport system outcomes* for Queenslanders.

## Today's session:

- 
- Builds on the feedback of previous year's industry briefings
  - Follows the QTRIP component of the briefing held earlier today
  - SEQ/SQ TMR industry briefing was held in Brisbane on Tuesday, 2 August 2016.
-

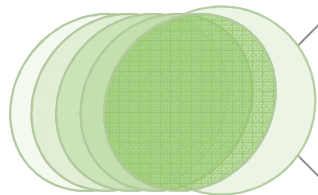

# Transport System Planning Program

- QTRIP provides a **firm funding commitment for two years** and indicative funding for the remainder of the program
- TSPP budget is **\$67m in 2016-17**
- Seeking to procure **\$22m** of services from the market in 2016-17.

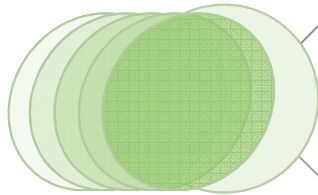

# Transport System Planning Program

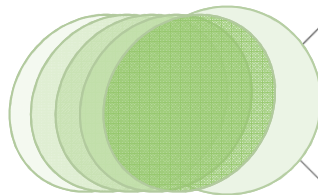

TSPP is a “*one integrated transport system*” program of planning activities that collectively plan for future transport system outcomes.

Funds, delivers and manages TMR’s planning and investment activities.

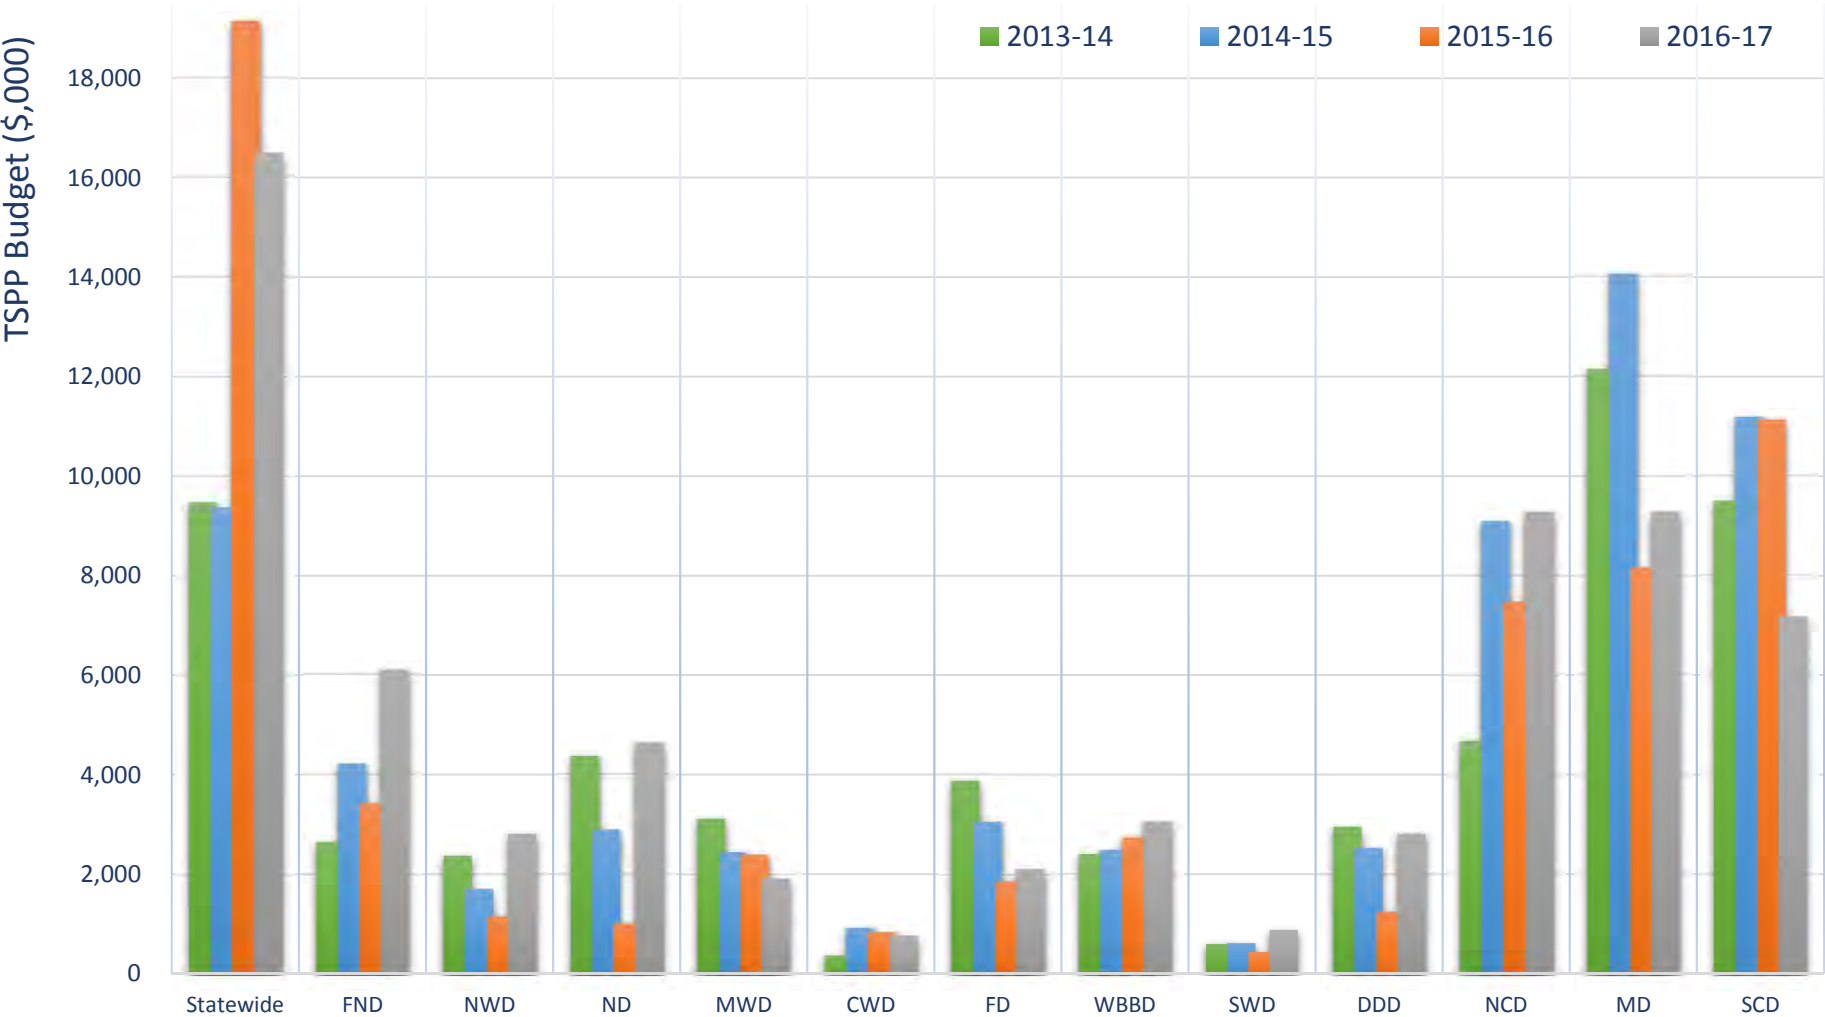

Encompasses all modes and all networks across Queensland, both infrastructure and services.

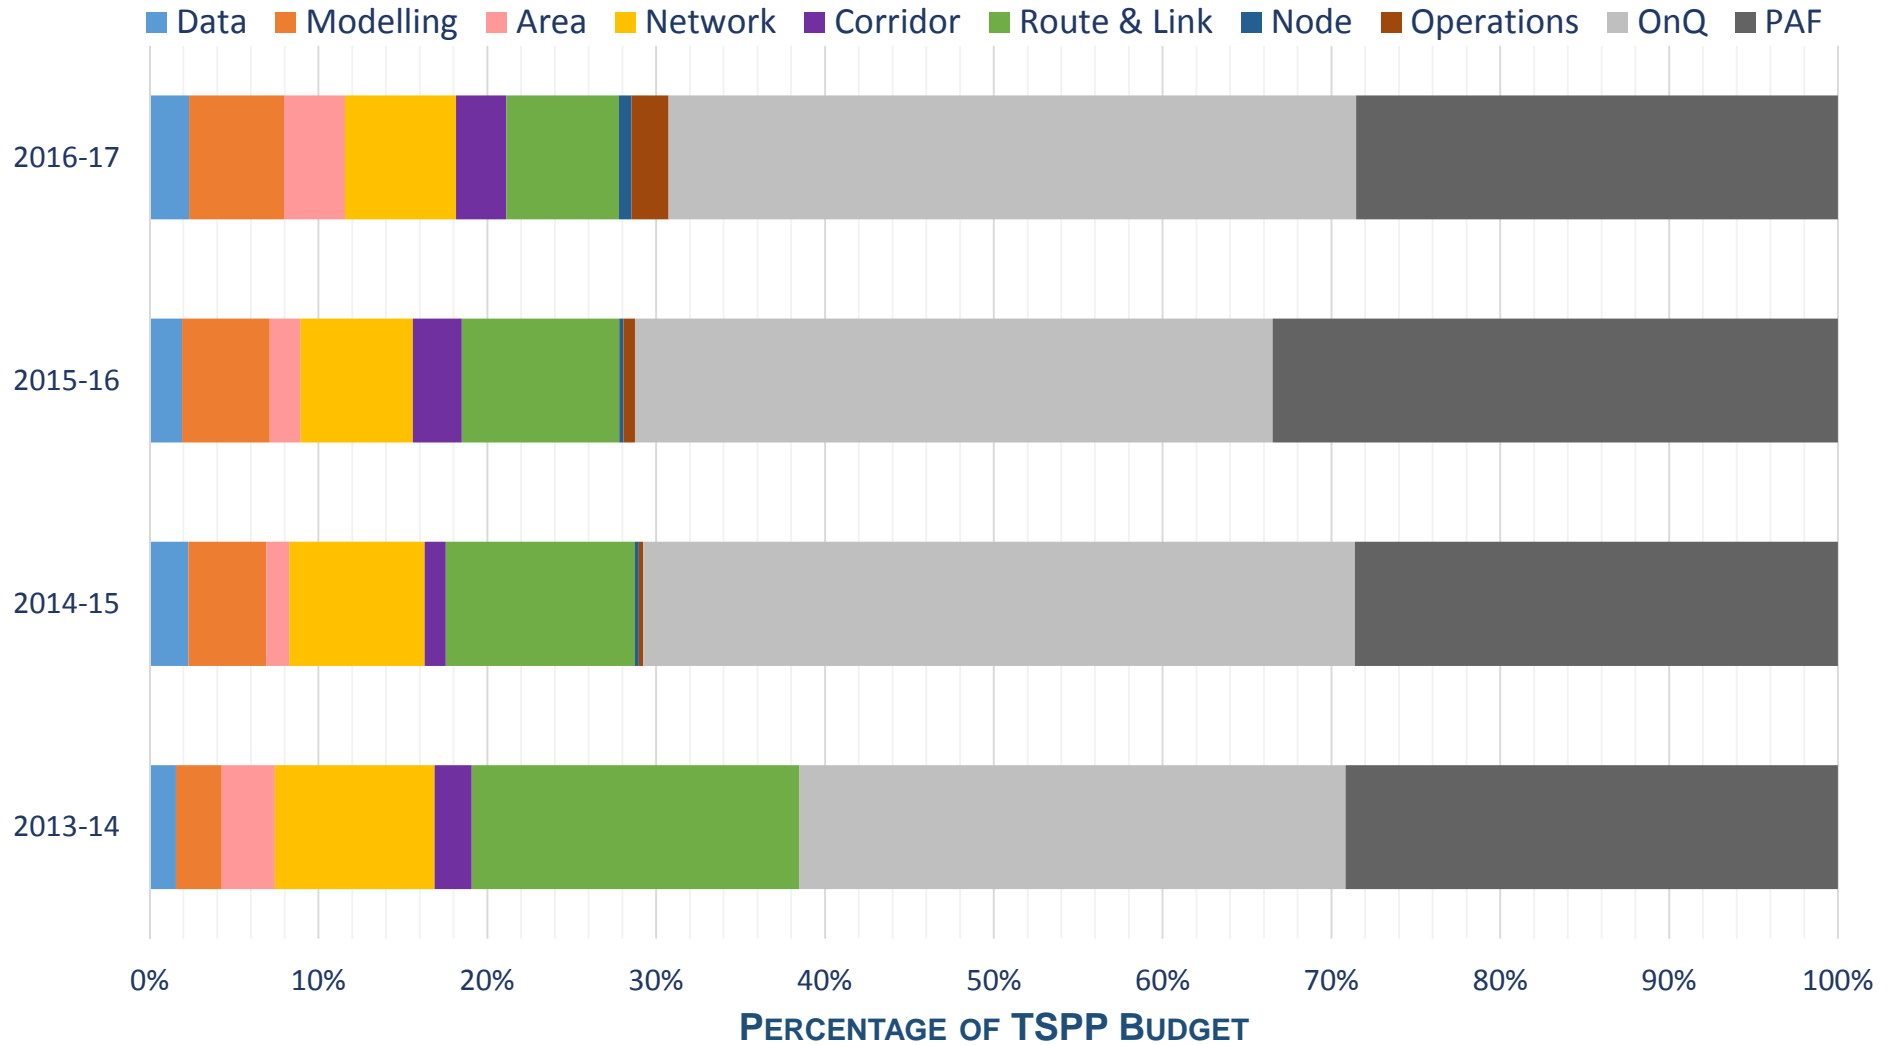

Ranges from strategic planning through to business c development.

# TSPF funds projects across Queensland

# TSPP planning types

# Partnering with industry

**Our aim:** to continue building on improved communication and transparency with industry

## Our approach:

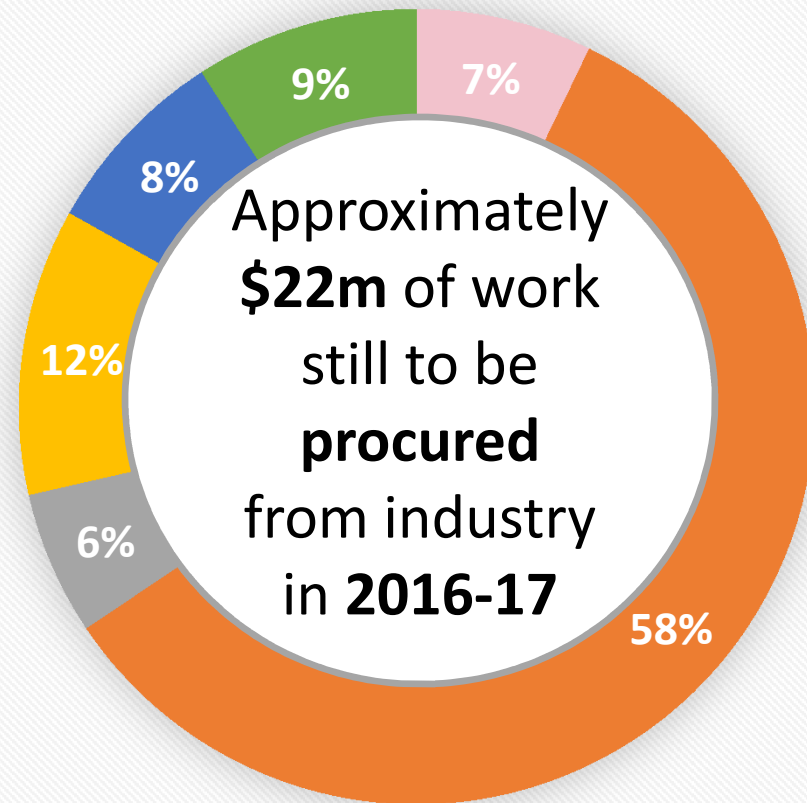

- TSPP procurement will be undertaken via the Whole of Government ECS in most cases, off-scheme engagement will be by exception only
- Recognition of strong performance resulting in more opportunity / awarding work
- Provide progress reports to the Consult Australia/Senior Transport and Main Roads' Executive meeting.

# 2016-17 TSPP procurement

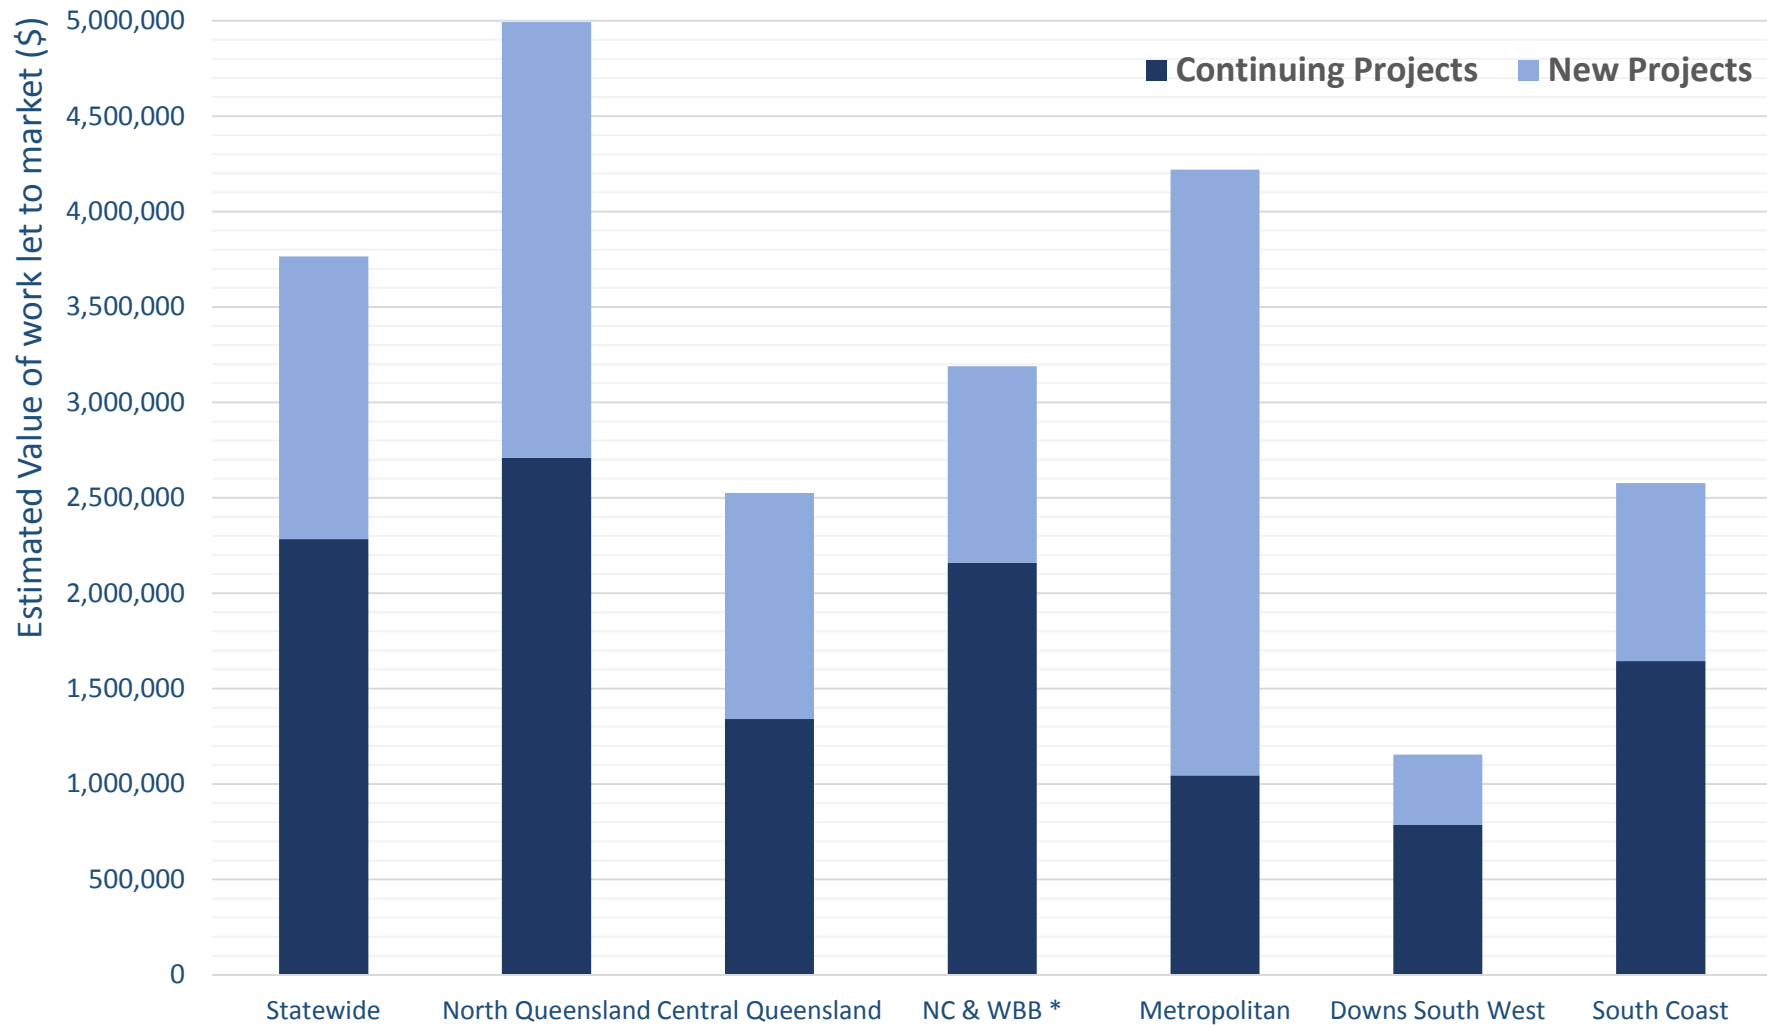

## Procurement method

- WoG ECS - Open Tender via Discipline/Sub-discipline
- WoG ECS - Restricted Tender
- WoG ECS - Multi-stage process
- WoG ECS - Sole Invitation
- TMR's Consultants for Engineering Projects Panel
- Other

# 2016-17 TSPF procurement

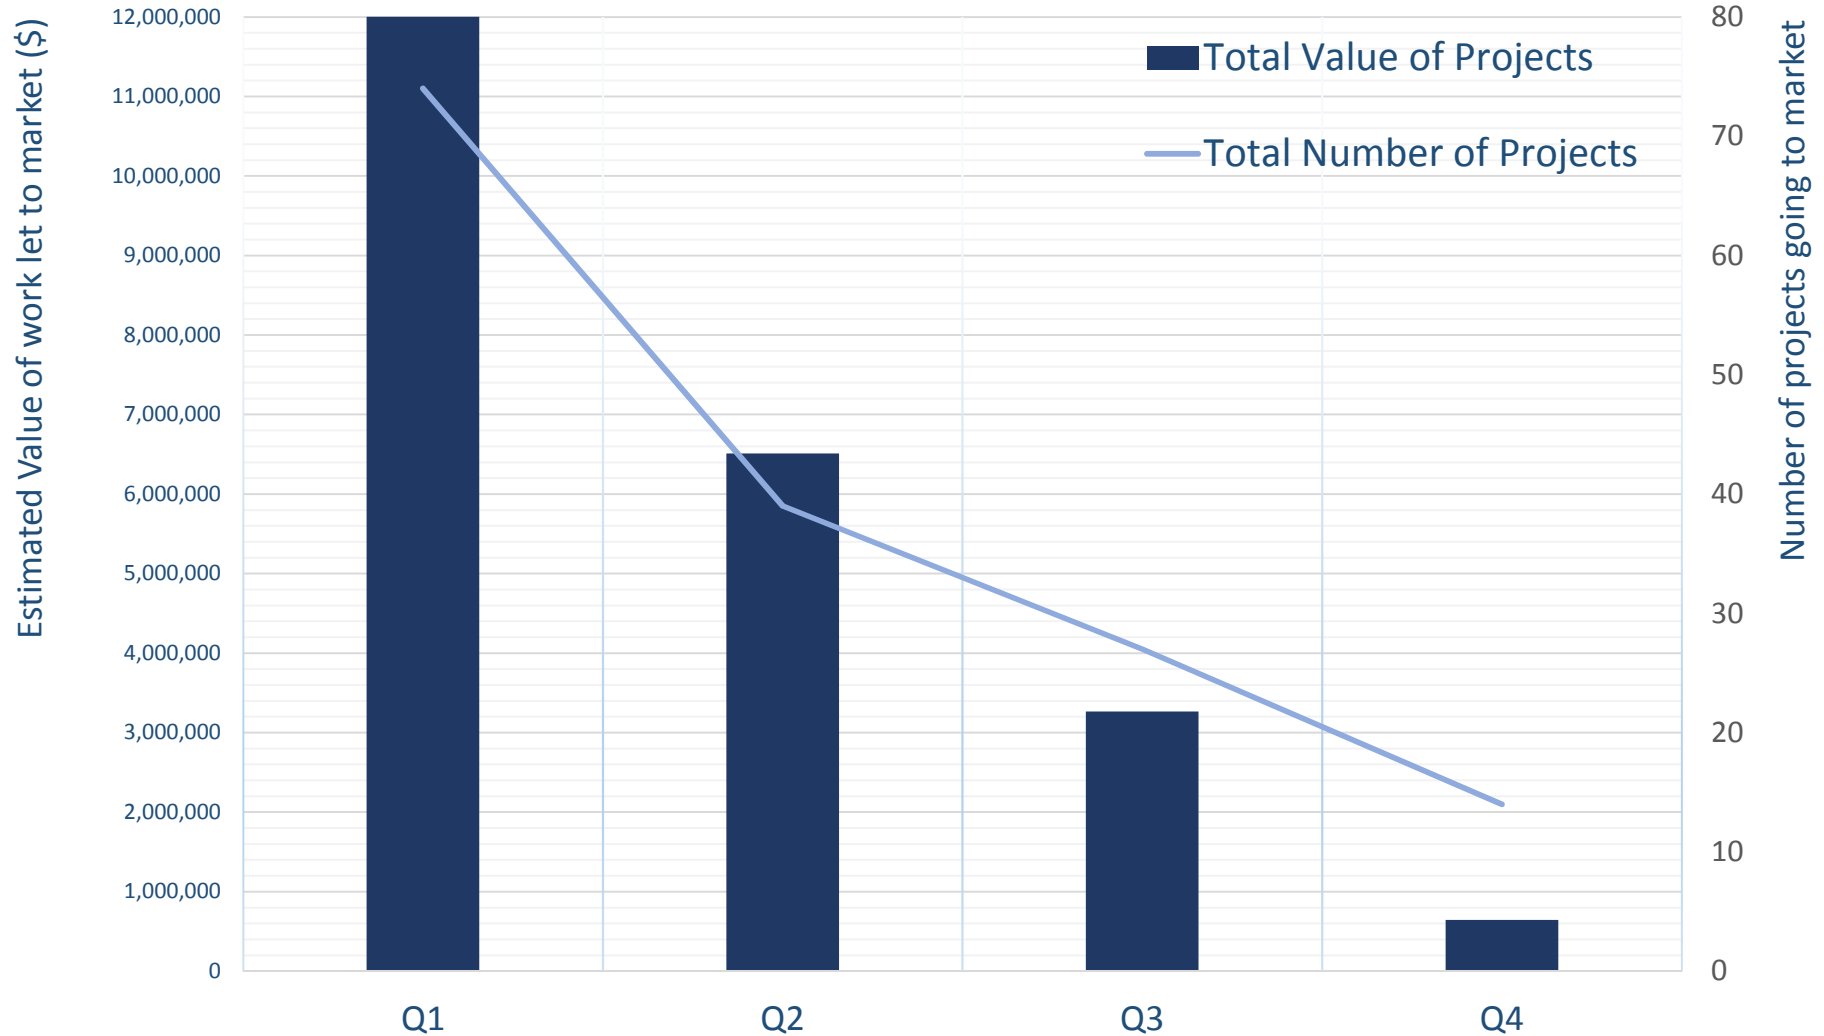

## Procurement value by TMR Region

\* North Coast & Wide Bay/Burnett

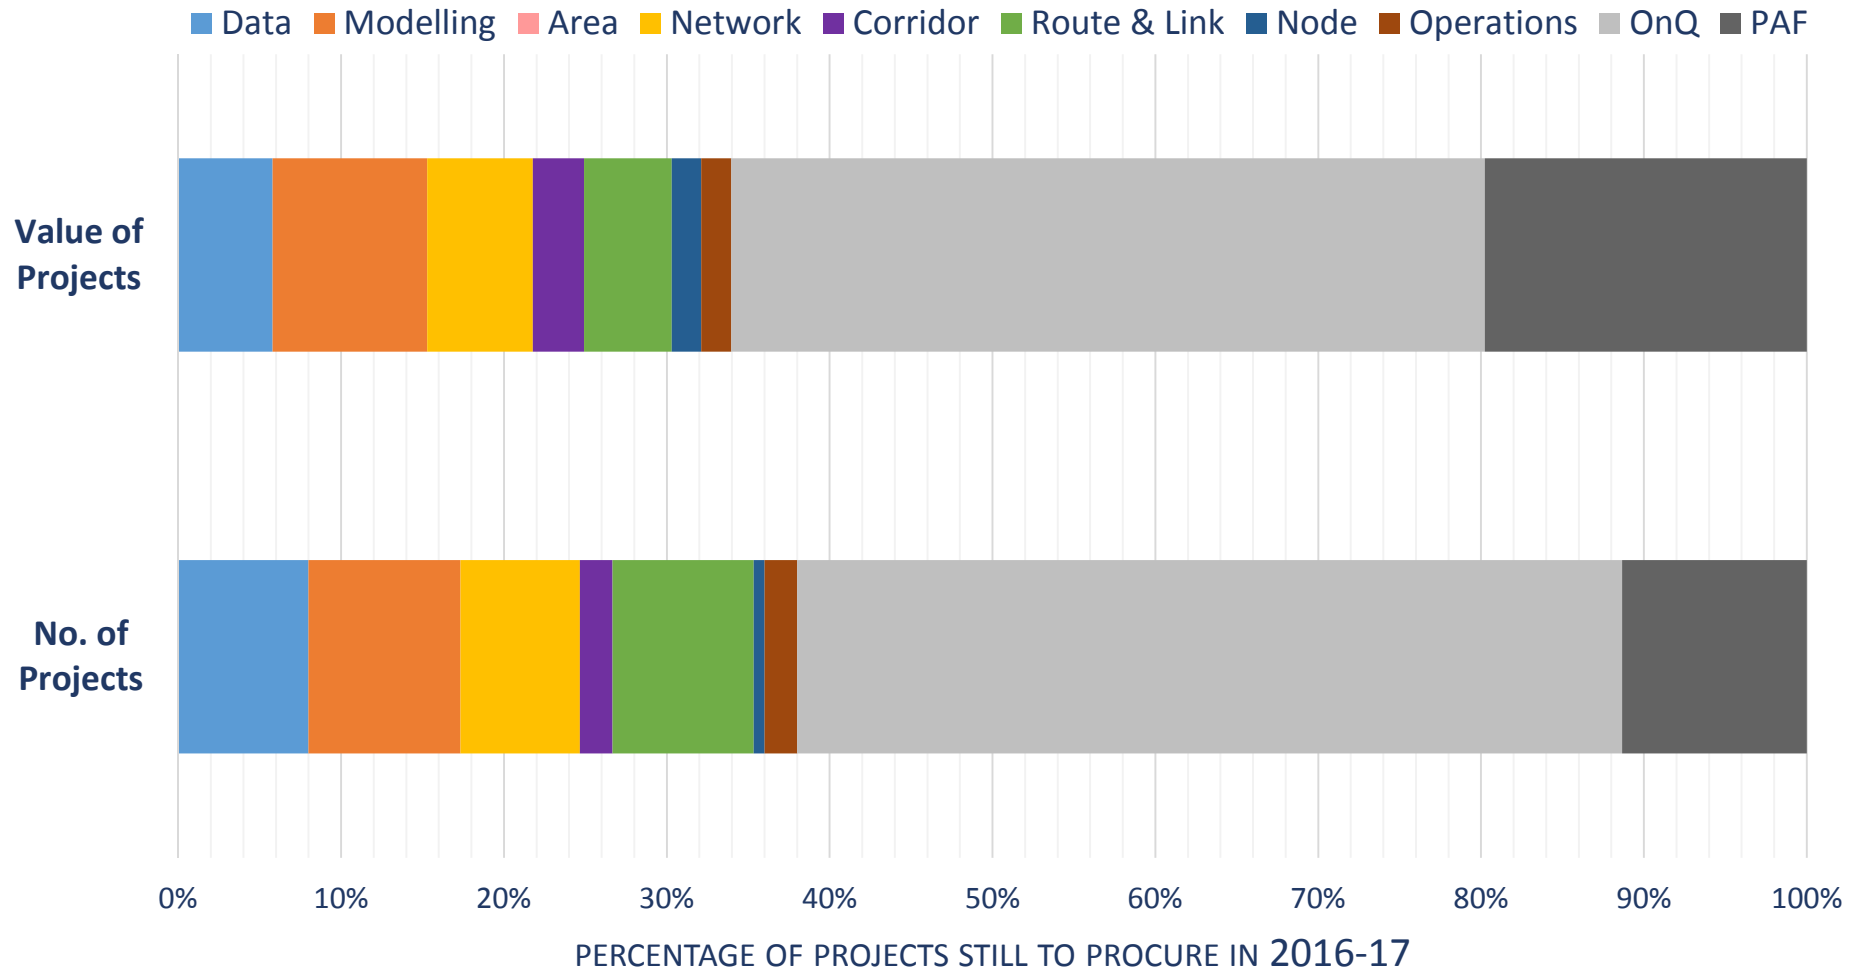

# 2016-17 TSPP procurement

## Procurement value by time to market

# 2016-17 TSPP procurement

## Procurement by planning types

# TSPP program flexibility

## Program is not fixed – it is our view at this moment

- Planning is a fluid environment – priorities change
- Early internal investigation may change scope / need
- Selected projects will be delivered internally by the department.
