This BoatSafe Information Bulletin outlines requirements for BoatSafe Training Organisations (BTO) in the engagement of BoatSafe Training Providers (BTP) to ensure there are no conflicts of interest and to protect the integrity of the BoatSafe program.

Requirements

Section 26.1 of the BoatSafe Business Rules outlines the requirement to avoid any conflict between personal interests and obligations under the approval.

Section 10 of the BoatSafe Business Rules outlines requirements for the management of BTP authority holders.

In addition to the requirements outlined in the BoatSafe Business Rules, BTO authority holders must not recruit, nor seek to recruit staff of the Department of Transport and Main Roads (the department), including Maritime Safety Queensland.

BTOs must put mechanisms in place in order to identify any of these cases within their operation and ensure that nominated BTPs do not work for the department.
