Wagners Precast Concrete	Wacol, QLD	Inactive	25-Aug-23						2		2	2	2	
Wagstaff Piling	Hemmant, QLD	Inactive	1-Mar-21						1					

*Explanatory Notes are listed on the following page. Full details can be found in the Registration Scheme: Suppliers and Products for Bridges and Other Structures*

<sup>1</sup> “Inactive” means sites have not provided any products to TMR recently and an audit by Structures Construction Materials (SCM) is required on renewal of supply.

“Conditional” means that site registration includes additional conditions that must be met as listed in the letter of registration. Contact SCM for details.

“Lapsed” and “Suspended” suppliers may fulfil existing contracts but may not commence new projects

‡ Miscellaneous precast items include drainage, motor grid bases, noise panels and other items to MRTS72 (standard or proprietary designs)

Note 1: Conditions of registration apply as per Letter and Certificate of Registration

Note 2: Registration does not approve or endorse product designs

Level 1: New or satisfactory supplier

Level 2: High quality supplier

S: Registration is suspended for this category
