ELEVATION TYPE A

ELEVATION TYPE B

ELEVATION TYPE C

PLAN TYPE A and B

NOTES:
1. If sufficient fall cannot be obtained to drain the pit system through the flexible tubing, the flexible tubing may be installed in the side of the pit. Secure vertical pipework to be provided to outlets in this case.
2. These details also apply to rectangular pits.
3. Pit drawings to be in accordance with project specific requirements.
4. Trench backfill material as for subsoil drains Types B or C. Refer MRT053.
5. Dimensions are in millimetres unless shown otherwise.
