

Manual of Uniform Traffic Control Devices (MUTCD)

Amendment register

MUTCD supplement updates are released tri-annually: March, July and November.

The amendment table captures the respective changes including exceptions to the publication cycle.

Publication cycle

March 2021

Part	Section	Change type	Description of change
1	Various	Amendment	Changes to Traffic Control (TC) signs
	1.12.1.1	New	New Clause 1.12.1.1 <i>Clearance to electrical infrastructure</i> : iterates existing regulatory requirements on clearance zones surrounding electrical infrastructure
3	1.7	Amendment	Amended Clause 1.7: <i>Prescribed training</i> : Item (d) to identify that Traffic Management Designer (TMD) training is required for persons that design, develop, review and inspect Traffic Management Plans (TMPs) and Traffic Guidance Schemes (TGSs) in accordance with Austroads' <i>Guide to Temporary Traffic Management (AGTTM) Part 8 Table A3</i> .
	4.24	New	New Clause 4.24: <i>Display of electronic signs</i> : reinstates previous guidance from the unharmonized MUTCD Part 3 (November 2019) on the layout and requirements for electronic signs.
6	1.17	New	New Clause 1.17: <i>Pictorial Images</i> : amended to permit the use of pictorial images on tourist and natural attraction signs to align with the existing guidance in the Traffic and Road Use Management (TRUM) manual Volume 3 Part 7 .
	6	Amendment	Amended Clause 6: <i>Trail route signing</i> : amended existing guidance on trail routes to identify the signage requirements for National and Local trails. Added diagrams identifying the relevant signage schemes.
	Appendix F2	New	New Appendix F2: <i>Electric vehicle charging station guidelines</i> : Contains guidance previously contained in Technical Note TN177 <i>Guidelines for the Installation of Electric Vehicle Charging Station Signs</i> .
10	9.2.4	New	New Clause 9.2.4 <i>Barrier lines</i> : Guidance on the use of double barrier lines on the approaches to refuge island relocated from TRUM Volume 3 Part 2 .
11	7.4	New	New Clause 7.4: <i>Restricted parking zones</i> : Guidance on discouraging parking via the use of pavement markings relocated from TRUM Volume 3 Part 2 .

November 2020

Part	Section	Change type	Description of change
N/a	Fact sheet	Amendment	Updated to reflect harmonisation of Part 3
N/a	Frequently asked questions	Amendment	Updated to reflect harmonisation of Part 3.
1	4.4.12.1	Amendment	Replace figure for GE1-Q09 and renumber as GE4-1-Q01
2	1.6	Editorial	Correct reference from Appendix C to Appendix B
3	All	New	Harmonised Queensland MUTCD Part 3 released
	All	Withdrawn	Part 3 withdrawn, replaced by harmonised Queensland MUTCD Part 3
	Supplement	Withdrawn	Incorporated in harmonised Queensland MUTCD Part 3
5	Table of contents	Editorial	Table of contents added
	1.2		Heading misalignment with relationship table corrected
6	Relationship table	Editorial	Corrected duplication of 1.4.2 to 1.4.3
	5.7.2	Amendment	Replace images, sign references in figure
	5.7.3	Amendment	Replace images in figures
9	About this document	Editorial	Reference to AS 1742.9 changed from 2008 to 2018
10	How to use this document	Editorial	Reference to AS 1742.10 changed from 2014 to 2009
11	Relationship table	Editorial	Align Section 2.2 heading
12	Appendix A	Editorial	Changed 'normative' to 'informative'

July 2020

Part	Section	Change type	Description of change
1	1.12.5.2	Amendment	Paragraph added after Item (b) regarding the orientation of overhead signs.
	4.4.9	Amendment	Two signs added: <ul style="list-style-type: none"> • Depth indicator 0–1m (G9-22-1A) and • Depth indicator 0–2m (G9-22-1A).
	7	New	New Section 7 <i>Target boards for signs</i> and subsections on size and colour, installation, removal and approval.
3	Supplement Section 1.4.3-1	New	Table 1.4.3-1: New Activity and Additional information provided for Competent Person Working in Proximity to Traffic Awareness – Part 1.
	Supplement Section 3.16-2	Amended	Technical Note TN185 <i>Project recognition signs</i> now available.
	Supplement Section 3.16.6-1	New	New guidance provided on variable message signs (VMSs) regarding alternating screens for regulatory signs and lane status signs.
	Supplement Section 4.10.2-2	New	Relocation and amendment of guidance previously located in Section 4.11-1.1 on Traffic Controllers operating portable traffic control devices (PTCDs).
	Supplement Section 4.10.3-1.1	Amended	Additional guidance provided regarding the number of lanes a traffic controller can control using STOP / SLOW control.

Part	Section	Change type	Description of change
	Supplement Section 4.10.3-1.2	Amended	Clarification to third bullet point to identify that sight distance requirements are from the traffic control station (position of the STOP / SLOW control or the PTCD), not the location of the Traffic Controller.
	Supplement Section 4.10.3-1.2.1	New	New section on portable traffic signal systems to direct practitioners to the location of the operational guidance.
	Supplement Section 4.10.3-1.2.2	New	New section on boom barriers to clarify the operational guidance regarding their use.
	Supplement Section 4.11-1.1	Deletion	Last paragraph and commentary on portable traffic signal systems (PTSSs) relocated to Section 4.10.2-2.
	Supplement Section 4.11-1.2	Amended	Minor amendment to definition of PTCDs
	Supplement Section 4.11-1.3.1	Amended	<ul style="list-style-type: none"> First paragraph changed from 'can only be' to 'are' to read 'The Type-1 units only work in manual mode and are used for shuttle flow, plant crossing and gating control.' Third paragraph, 'a PTSS' deleted to read '...managed two PTSUs paired with a single HRC under manual control for the prominent traffic flow path (normally the through leg movements under shuttle flow arrangements).' Fifth paragraph changed from 'Systems other than portable traffic signals' to 'PTCDs other than PTSS'. Fifth paragraph changed to 'These alternative systems shall be approved for use by the Department of Transport and Main Roads (Engineering and Technology) and may be supported by approvals from the ARRB Transport Infrastructure Product Evaluation Scheme.'
	Supplement Section 4.11-1.3.2	Amended	<p>First paragraph</p> <ul style="list-style-type: none"> First sentence deleted: 'A Type 1 PTSS shall only be used instead of Traffic Controllers manually controlling the STOP / SLOW bats when single lane operation is required'. Amended to read 'Where used, Type 1 PTSS shall consist of either one PTSU, or two PTSUs if paired, with a single HRC operated by a Traffic Controller. When paired, control is limited to shuttle flow operations.' Minor correction: PTU to PTSU

15	All	Harmonisation	Part 15 <i>Direction signs, information signs and route numbering</i> harmonised to Australian Standard AS1742.15

November 2019

Part	Section	Change type	Description of change
N/a	Fact sheet	Amendment	Removed reference to SAI Global as Standards Australia agent.
N/a	Frequently asked questions	Amendment	Removed reference to SAI Global as Standards Australia agent.
3	1.4.9	Amendment	Clause was added to provide a definition for a 'portable traffic control device' which has been added in successive amendments to the document. References to successive clauses throughout the document were also updated.
	3.17	Amendment	Added requirement that all electronic signs must also be in compliance with the relevant MRTS documents.
	4.1.4(b)	Amendment	Clarified the requirements and limitations for traffic control devices within the transition zone.
	4.8.2(a)	Amendment	Clarified the requirements regarding the use of PTCs to align with Clause 4.1.4(b).
	Figure 4.9	Amendment	Amended to align with changes to Clause 4.11.3.
	4.10.2	Editorial	Editorial change to final paragraph.
	4.11.3	Amendment	Clarified requirements on the use of traffic cones, temporary stop lines and signage when using portable traffic signals.
	4.14.6(b)(i)	Amendment	Amended clause to align with the delineator requirements in the MUTCD Part 2.
	Appendix D	Amendment	Updates to usage notes for multi-message signage to improve consistency of terms and readability.
	Appendix H, Figure H1	Amendment	Figure has been amended to align with current MUTCD Part 3 requirements.
3	Supplement: Figure 1.4.21-1	Amendment	Updated Figure 1.4.21-1 to better outline the process of selecting a TGS.
	Supplement: Section 3.5.5-1, Clause 4.1.2	Amendment	Deleted requirement to comply with MRTS218. The devices being referenced in this clause, speed awareness signage, are proprietary and compliance with MRTS2018 is not practical for the industry.
	Supplement: Section 4.11-1, Clause 6.1	Amendment	Added additional requirements for the positioning of portable traffic signal units.
	Supplement: Section 5.1, Clause 3	Amendment	Added additional information to clarify the example traffic guidance diagrams within the MUTCD Part 3 Supplement are not to be used or implemented in the field.
	Supplement: Section 5, Clause 3	Amendment	Amended existing watermark on example diagrams to 'EXAMPLE ILLUSTRATION ONLY, NOT FOR USE' to further outline that these diagrams are not to be used or implemented in the field. Minor edits to contents of example diagrams to align with changes to the MUTCD Part 3.
4	3.2	Amendment	<ul style="list-style-type: none"> Amended text to read '...responsible officer is assigned to the appropriate Department of Transport and Main Roads' District Director, or Regional Director if there is no District Director'.
	10.1.5	Amendment	<ul style="list-style-type: none"> Add new Item a) to read 'a) The Speed Limit AHEAD (G9-79 sign shall be installed generally along linear speed zones only and not for speed limit areas'. Previous items a), b), c) amended to items b), c) and d).
	Appendix C	Amendment	<ul style="list-style-type: none"> DCA Group 16, DCA Code 708 added to align to current definition of DCA Group 16

Part	Section	Change type	Description of change
	Speed Limit Review Checklist	Amendment	Updated
	Speed Limit Review Checklist Case Study 1	Amendment	Updated
	Speed Limit Review Checklist Case Study 2	Amendment	Updated
	Speed Limit Review Checklist Case Study 3	Amendment	Updated

July 2019

Part	Section	Change type	Description of change
1	6.4	Amendment	Added D4-1-1-Q03 <i>Sight board</i> and Note 1.
3	4.1.4 c) and d)	Amendment	Editorial change: relocate information on location of primary positional signs or devices from subclause d) to subclause c).
	4.1.5	Amendment	Note added to clarify determination of dimension D when work is undertaken within 200 m of a change in permanent posted speed.
	4.1.6	Amendment	Editorial change: relocate information on tolerances from first paragraph to last paragraph.
	4.3.8	Deletion	Delete reference at item c) to MUTCD Part 3 supplement; no longer applicable.
	4.4.8	Deletion	Delete reference at item c) to MUTCD Part 3 supplement; no longer applicable.
	4.8.2	Amendment	Added sentence at Item a) about location for placement of traffic control devices relative to the start of a merge taper to align with Traffic Management Implementation training material.
	4.9	Amendment	At Figure 4.9(a), dimension added to indicate the placement of traffic control device relative to the start of the merge taper.
	4.9.6	Amendment	Added a sentence to provide a section reference for the installation of signs.
	4.9.9	Amendment	<ul style="list-style-type: none"> Changed 'shall be permitted' to 'are permitted'. Added sentence to item b) about buffer speed zones to align with AS1742.3.
	Appendix D	Amendment	Added notes for the use of multi-message signs.
	Appendix E	Amendment	Editorial change: Table E1, changed '260 to 500' to '>250 to 500' in the heading under "Depth of excavation".
Supplement: 1.4.3-1	Amendment	<ul style="list-style-type: none"> Editorial change: Table 1.4.3-1: Traffic Management Implementation Selection and Implementation, add 'determine site suitable'. Add Competent Person: Authorised Person(s) and associated TGS task, activity and additional information. 	
	Figure 5-1.4 (A)	Amendment	Position of Traffic Controller in advance of the taper.
	Figure 5-1.4 (B)	Amendment	Position of Traffic Controller in advance of the taper.
	Figure 5-1.12	Amendment	Position of Traffic Controller in advance of the taper.
	Figure 5-1.22	Amendment	Location of 4 cones in centreline in advance of Traffic Controller.

Part	Section	Change type	Description of change
13	Relationship table	Amendment	<ul style="list-style-type: none"> Editorial change: deleted 'Signs' erroneously included in section 4.2.11 title Change applicability of section 4.5 from 'accepted' to accepted with amendments'. Deleted reference to accepted section 4.5.1 erroneously included. Deleted reference to new section 4.5.2 incorporated in section 4.5.
	4.5	Amendment	<ul style="list-style-type: none"> Changed applicability to Accepted with amendments: Addition and added information on obstruction marker.
	4.5.2	Deletion	<ul style="list-style-type: none"> Deleted section 4.5.2 <i>Obstruction marker (D4-5)</i> as this was incorporated at amended section 4.5.

March 2019

Part	Section	Change type	Description of change
1	All	Amendment	Images added to all sign tables and reference to TC signs webpage removed from all sections with sign tables.
	1.8	Amendment	Editorial. Last sentence reworded.
	2.4.2	Amendment	R2-3-Q01_1, R2-3-Q01_2 and R2-3-Q01_3 added.
	2.4.5	Amendment	R5-Q04 and R5-Q05 replaced by R5-23-Q01.
	2.4.6	Amendment	R6-Q01 replaced by R6-13-Q01. R6-19-Q01, R6-20-Q01, R6-21-Q01_1, R6-21-Q01_2 added.
	3.4.5	Amendment	W5-Q01 and W5-Q02 deleted. W5-49-Q01 added.
	3.4.8	Amendment	W8-5-Q01 added.
	4.4.3	Amendment	G3-4-Q01 added.
	4.4.9	Amendment	G9-32 Q01 and G9-32 Q02 added. G9-Q10 changed to G9-Q10_1 and G9-Q10_2.
	4.4.12.4	Amendment	Changed 'Freeway' to 'Motorway'.
	5.4.1	Amendment	T1 Q02 and T1-Q17 added.
	5.4.2	Amendment	W8-5-Q01, T1-Q02, T1-Q17, T5-Q02, T6-Q02, T6-Q06 and T6-Q07 deleted.
	5.4.4	Amendment	T4-6-Q01 added to sign table and sentence under table deleted.
	5.4.5	Amendment	T5 3-Q01 and T5 Q01 deleted.
	5.4.6	Amendment	T6-Q02, T6-Q06, T6-Q07 and T6-Q08 added.
Appendix D	Amendment	Stop bat sign number changed to R6-8-Q01 and edits to description in table.	
3	Traffic Management Plan Preparation	Amendment	Corrected referencing under Method of Control Temporary traffic signals and Traffic Controller; Road user convenience and delays; Existing traffic control devices;
	All	Administration	Title of Part and Part Supplement corrected to align with AS1742.3: <i>Traffic control for works on roads</i> . No material changes made otherwise.
7	2.3.1; 2.3.7	Amendment	Guidelines for the use of RX-5-Q01 and RX-11-Q01 signs added.
	1.4; 2.3.1; Appendix D2	Amendment	Amendment 1-2019 to AS1742.7 incorporated in this Part.

November 2018

Part	Section	Change type	Description of change
All	Legal authority	Republish	Republish updated legal authorisation previously contained in <i>Issues Notes</i>
