TMR Community Media Alert

Culvert replacement works to commence at Perseverance Creek

The Department of Transport and Main Roads (TMR) is replacing a damaged culvert on Esk-Hampton Road at Perseverance Creek, with the project to commence in March 2025.

A temporary side track will be constructed to allow the road to remain open during the works, which are expected to take approximately 12 months to complete – weather and construction conditions permitting.

Road users can expect a reduced speed limit and minor delays while they travel through the works.

TMR will continue to consult with directly affected stakeholders throughout the project.

This project is being delivered under the Queensland Government's State Road Network Upgrade Program.

Visit [QLDTraffic](https://www.qldtraffic.com.au) for all traffic alerts, road closures and condition updates for major roads in Queensland. Motorists can also download the QLDTraffic app or call 13 19 40.
