TMR Community Media Alert

Malanda community to benefit from road safety improvements

The Department of Transport and Main Roads (TMR) is carrying out safety improvements to widen Malanda – Lake Barrine Road between Figtree Close and Topaz Road.

The \$9.9 million project will include road widening, the installation of wide centre line treatments, guardrails and shoulder widening to improve right turn movements at Anderson, Croft and Topaz Roads.

Temporary speed limit reductions and single lane operation under coordination of traffic controllers will be in place while the works are carried out.

Road users should expect delays and plan their journeys accordingly.

The project is expected to be completed in late 2025, weather and construction conditions permitting.

For up-to-date information about works on the state-controlled road network call 13 19 40 or visit www.QLDTraffic.qld.gov.au.
