## TMR Community Media Alert

---

### **Safety works to start on the Cunningham Highway**

**The Department of Transport and Main Roads is upgrading infrastructure to improve safety on the Cunningham Highway between Lyndhurst Lane, Warwick and the Milmerran-Inglewood Road intersection in Inglewood.**

Improvements include road widening, roadside hazard removal, intersection upgrades and installation of double barrier line marking.

This \$16.89 million design and construction project will improve safety and reduce the frequency and severity of crashes on this section of the Cunningham Highway

Works along the 100-kilometre section of the highway will commence in April 2025 and are expected to be completed in April 2026, weather and construction conditions permitting.

This project is being delivered by the Queensland Government under the Targeted Road Safety Program.

For more information about the project, visit <https://www.tmr.qld.gov.au/projects/cunningham-highway-safety-upgrades-warwick-to-inglewood>.

Information on the latest traffic conditions is available by phoning 13 19 40, or by visiting QLDTraffic at [www.qldtraffic.qld.gov.au](http://www.qldtraffic.qld.gov.au).
