TMR Community Media Alert

Speed limit reduction works – Maroochydore-Mooloolaba Road and Mooloolaba Road

The Department of Transport and Main Roads (TMR) will soon undertake works to reduce the speed limit on key roads in Maroochydore, Alexandra Headland and Mooloolaba.

The speed limit of the below sections of roads will be reduced from 60 km/h to 50 km/h:

- Approximately 3.8km on Horton Parade, Aerodrome Road and Alexandra Parade (Maroochydore–Mooloolaba Road) between Maroochydore Road and Buderim Avenue
- Approximately 1.7km on Buderim Avenue (Mooloolaba Road) between Sunshine Motorway and Alexandra Parade

Due to safety concerns a speed limit review was undertaken which considered a range of factors such as road function, roadside environment, road construction standard, prevailing traffic speeds and crash history.

Works will involve replacing existing signage and adding new signs to advise motorists of the new speed limit.

Motorists should expect:

- Works are scheduled for the week commencing 16 March 2025 between 7.30pm and 3:30am from Sunday through to Thursday nights and will take approximately 17 nights to complete in total for both roads, weather and construction conditions permitting.
- Works will move progressively through locations during this time.
- Nearby residents may experience some noise, light, and vibration, while works are underway. Our contractor will aim to minimise impacts as much as possible and complete the noisiest work by 10pm. It is also expected that any significant localised noise or disruptions for residents should be for one or two nights only as the works progress.
- Traffic controllers, shoulder closures, reduced speed limits and signage will be in place to ensure motorist and roadworker safety.
- One lane will always remain open to traffic.

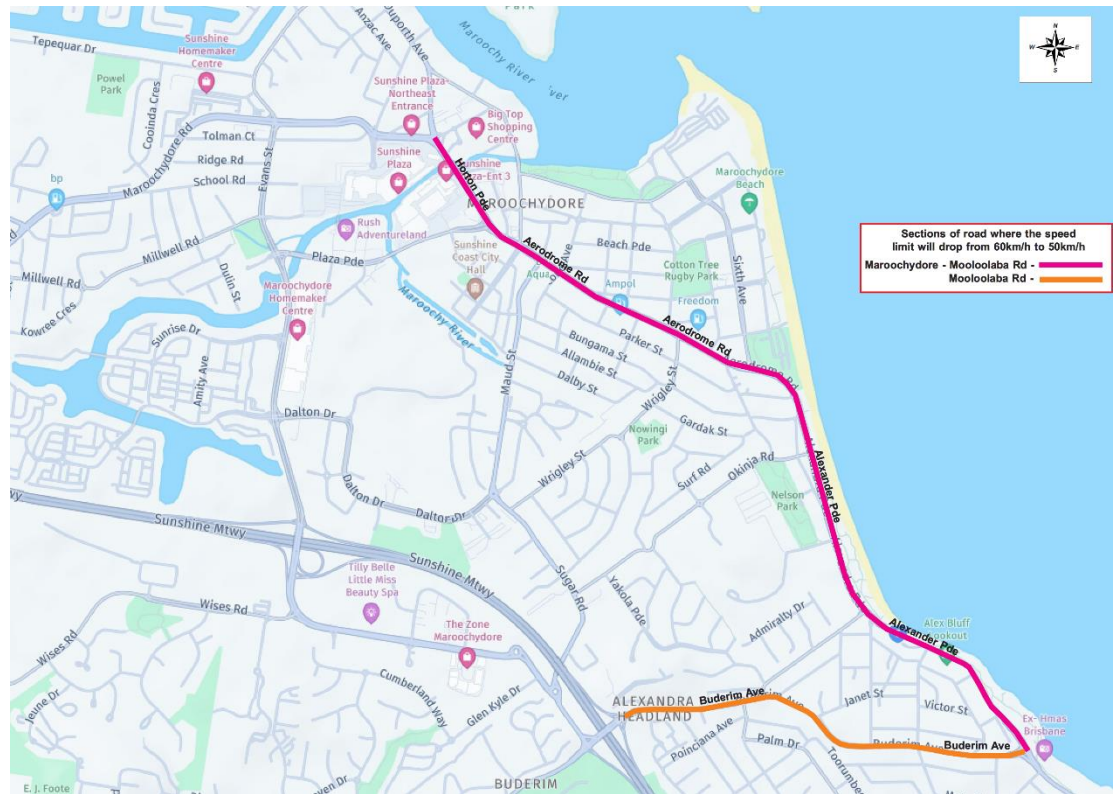

Information on the latest traffic conditions will be available by visiting QLDTraffic on www.qldtraffic.qld.gov.au, or phoning 13 19 40.

TMR thanks the community for their patience during these important works.
