TMR Community Media Alert

Speed reduction along Booral Road

The Department of Transport and Main Roads (TMR) will reduce the speed limit on Booral Road between Round Island Road and Shore Road from 80km/h to 60km/h in the coming weeks.

The speed limit reduction is a response to residential and development growth of the coastal community.

TMR undertook a review of the 80km/h speed limit, taking into consideration a range of factors such as road function, roadside environment, road construction standards, prevailing traffic speeds and crash history.

The findings were presented to the local Speed Management Committee, consisting of representatives from TMR, Queensland Police Service and Fraser Coast Regional Council. The committee endorsed the speed limit change.

The new signs are expected to be installed in the coming weeks, weather and other conditions permitting.
