Centre Line
Marking

**

Notes:

1. May be used in lieu of a standard livestock grid.
2. This virtual livestock grid has road markings which may be used at locations where there is a requirement to attempt restriction of livestock migrating from one fenced area to another on a sealed roadway and a "proper" livestock grid cannot be used or is impractical to install.
3. No centre line marking shall enter the painted livestock grid area.
4. All pavement markings to conform with requirements of MRTS45.
5. * A standard of 13 lines may be used where larger animals (e.g. cattle) are concerned however 9 lines may be used in instances where smaller animals (e.g. sheep) are concerned.
6. ** The painted livestock grid shall span the entire width of the sealed section of roadway.
7. Refer to page 2 for squared set out option.
