

Bruce Highway Upgrade

Caloundra Road to Sunshine Motorway

Construction notice

November 2020

Ref: CN82

Notice to motorists and residents

Temporary road changes near Jowarra Park Rest Area

Construction of the jointly-funded Bruce Highway Upgrade – Caloundra Road to Sunshine Motorway (CR2SM) is progressing well. The project is jointly-funded with the Australian Government committing \$745.6 million and the Queensland Government committing \$186.4 million. Motorists are advised that traffic changes will continue to occur on major and local roads to facilitate ongoing construction works.

From the week commencing **Monday 9 November 2020** (weather permitting), the CR2SM project team will undertake works on the road adjacent to the Jowarra Park Rest Area at Glenview.

In order to facilitate these works, the existing driveway into the Jowarra Park Rest Area and Daisy's Place will be removed and a temporary driveway will be constructed to ensure access is maintained at all times. The current Bruce Highway northbound entry ramp will also be temporarily shifted to the east to allow for works to continue in the area. This arrangement will remain in place for approximately four months, weather permitting.

See below map for detailed information.

What to expect

Traffic control and lane closures:

- Traffic changes may be in place near work areas including reduced speed limits, road shoulder and lane closures, changes to traffic flow and short term traffic disruption.
- Traffic signals/traffic controllers will be onsite to manage traffic flow.
- Some clearing may be required to complete these works.

Audible noise:

- Heavy machinery will be in use and nearby residents and campers should expect audible noise. Reversing beepers and flashing lights are a safety requirement and will be used at all times during day and night working hours.

Working hours

The project's working hours are:

- **Night works:** Sunday to Thursday, 7pm to 5am.
- **Day works:** Monday to Saturday, 6am to 6pm.

It is important to note that these activities are dependent on weather conditions.

We thank the local community for your patience and cooperation during these works.
