

Bruce Highway—Cairns Southern Access Corridor Stage 3: Edmonton to Gordonvale Project

Night works - South of Draper Road, Gordonvale 4 and 5 February 2021*

The Department of Transport and Main Roads (TMR) advises night works will occur on 3 and 4 February 2021 as part of the temporary traffic management for the Bruce Highway upgrade and duplication.

What does this mean for traffic?

Traffic will be reduced to shuttle flow between Riverstone Road and Draper Road. Works will allow installation of temporary concrete barriers on both sides of the Bruce Highway.

Motorists can expect delays to travel times and advised to travel with care, observe all temporary signage and directions of traffic controllers.

The project team thanks all road users for their patience during construction works and will make every effort to limit disruptions to the travelling public.

*Wet weather, contractor and site conditions may change this advertised schedule.

The project team will make every effort to keep disruptions to a minimum and would like to thank the local community for their patience during these works.
