

# Bruce Highway Upgrade

Caloundra Road to Sunshine Motorway

Construction notice

March 2021

Ref: CN91

## Notice to motorists and residents

### Bruce Highway northbound traffic diverted onto final carriageway

Construction on the jointly-funded Bruce Highway Upgrade – Caloundra Road to Sunshine Motorway (CR2SM) is progressing well. The \$932 million project is jointly-funded with the Australian Government committing \$745.6 million and the Queensland Government committing \$186.4 million.

From the week commencing **15 March 2021** (weather permitting), northbound motorists on the Bruce Highway will be permanently diverted onto a new section of highway between Exit 188 (the exit to Caloundra and Landsborough) and just north of Aussie World, Palmview.

The new carriageway will initially provide two lanes for northbound traffic, with an additional third lane anticipated to open by May 2021 (weather permitting).

The opening of this section is another step closer to completion of work on the Bruce Highway northbound carriageway, with finishing works to follow.

*Please see map overleaf for more details.*

#### Sign up for traffic alerts and project information

To stay up-to-date on construction activities via the free project SMS or email service, register by:

- scanning the QR code to go the project webpage
- entering your details at the “subscribe to updates” section.

### What to expect

#### Traffic detours and lane closures:

- Prior to the traffic changes, detours will be in place to facilitate the work.
- Temporary lane closures will also occur to allow for pavement works, signage, guardrail installation and line marking.
- Traffic changes may be in place near work areas including reduced speed limits, road shoulder and lane closures, changes to traffic flow and short-term traffic disruption.
- Traffic signals/traffic controllers will be on-site to manage traffic flow.
- The final layer of open grade asphalt will be laid prior to the third lane opening by May 2021 (weather permitting).

#### Audible noise:

- Heavy machinery will be in use and nearby residents should expect audible noise.
- Reversing beepers and flashing lights are a safety requirement and will be used at all times during day and night working hours.

### Working hours

Both day and night works will be required to complete these works.

The project’s working hours are:

- **Night works:** Sunday to Thursday, 7pm to 5am.
- **Day works:** Monday to Saturday, 6am to 6pm.

It is important to note that these activities are dependent on weather conditions.

*We thank the local community for your patience and cooperation during these works.*
