1. Overview and background.....	1
1.1 Introduction	1
1.2 Project vision	2
1.3 Concept Design and Impact Management Plan (CDIMP) objectives	2
1.3.1 <i>Addressing the terms of reference</i>	3
1.4 Study area	3
1.4.1 <i>Description of the corridor</i>	4
1.5 Policy context	9
1.5.1 <i>Integrated Regional Transport Plan</i>	9
1.5.2 <i>South East Queensland Regional Plan and South East Queensland Infrastructure Plan and Program</i>	10
1.5.3 <i>TransLink Network Plan</i>	10
1.5.4 <i>Toward Q2 — a stronger and greener Queensland</i>	10
1.6 Planning need	11
1.6.1 <i>Expected future growth</i>	11
1.6.2 <i>Integration with other projects</i>	12
1.6.3 <i>Protecting the corridor</i>	15
1.7 Project benefits	15
1.7.1 <i>Transport benefits</i>	15
1.7.2 <i>Social benefits</i>	16
1.7.3 <i>Economic benefits</i>	16
1.7.4 <i>Environmental benefits</i>	17
1.7.5 <i>Health benefits</i>	17
1.8 The planning process	17
1.8.1 <i>Structure and presentation of findings</i>	17
1.9 Future studies	19
1.10 References	19

Contents (Continued)

	Page number
2. Community consultation	21
2.1 Introduction	21
2.2 Objectives	21
2.3 Stakeholder groups	21
2.3.1 <i>First group — General community</i>	22
2.3.2 <i>Second group — Potentially impacted property owners, business operators and business tenants</i>	22
2.3.3 <i>Third group — Local and state government departments</i>	23
2.4 Consultation program	24
2.5 Consultation on draft Terms of Reference	26
2.5.1 <i>Communication and consultation activities</i>	26
2.5.2 <i>Stakeholder liaison group</i>	27
2.5.3 <i>Communication statistics</i>	28
2.5.4 <i>Issues raised</i>	29
2.6 Consultation on draft concept designs	29
2.6.1 <i>Communication and consultation activities</i>	29
2.6.2 <i>Communication statistics</i>	33
2.6.3 <i>Issues raised</i>	34
2.6.4 <i>Tabled petitions</i>	35
2.7 Consultation on revised concept designs	35
2.7.1 <i>Communication and consultation activities</i>	35
2.7.2 <i>Communication statistics</i>	38
2.7.3 <i>Issues raised</i>	38
2.8 Ongoing communication	39
2.8.1 <i>Communication and consultation activities</i>	39
3. Sustainability.....	41
3.1 Introduction	41
3.1.1 <i>Sustainability framework for transport infrastructure</i>	41
3.2 Methodology	44
3.2.1 <i>Understanding the project's contribution to sustainability</i>	44
3.2.2 <i>Sustainability principles for transport infrastructure</i>	45
3.3 Assessment	45
3.3.1 <i>Promote a more sustainable transport network</i>	45
3.3.2 <i>Look for resource efficiencies across the whole of project and infrastructure life</i>	46
3.3.3 <i>Protect and enhance natural, physical and human environments</i>	48
3.3.4 <i>Promote community capacity, equity and social wellbeing</i>	50
3.3.5 <i>Promote sustainable forms of local and regional economic growth</i>	51
3.3.6 <i>Undertake informed and responsive project governance and decision making</i>	52
3.4 Findings	53
3.5 Recommendations and further investigations	54
3.6 References	55
4. Legislative requirements	57
4.1 Introduction	57
4.2 Authority to plan	57
4.3 Framework for planning	57
4.4 Corridor protection	58
4.5 Corridor preservation	58
4.6 Property acquisition	58
4.7 Development approval	59
4.7.1 <i>Integrated Planning Act</i>	59
4.7.2 <i>Integrated Development Assessment System</i>	60
4.7.3 <i>Community infrastructure under the Integrated Planning Act</i>	61
4.7.4 <i>State Development and Public Works Organisation Act</i>	62
4.7.5 <i>Summary</i>	64

Contents (Continued)

	Page number	
4.8	Legislative requirements	67
4.8.1	<i>State legislation</i>	67
4.8.2	<i>State planning policies</i>	69
4.8.3	<i>Commonwealth legislation</i>	71
4.8.4	<i>Possible approvals matrix — approvals, permits and licences</i>	72
4.9	Sustainable Planning Bill 2009	77
4.10	Summary	77
5.	Engineering	79
5.1	Introduction	79
5.2	Methodology	80
5.2.1	<i>Concept design</i>	80
5.2.2	<i>Design criteria</i>	82
5.3	Preliminary analysis	85
5.3.1	<i>Existing transport corridor</i>	85
5.3.2	<i>Sections 1 and 2 — Caloundra to Currimundi</i>	85
5.3.3	<i>Section 3 — Nicklin Way</i>	88
5.3.4	<i>Section 4 — Kawana Town Centre</i>	92
5.3.5	<i>Section 5 — Mooloolaba</i>	95
5.3.6	<i>Section 6 — Alexandra Parade</i>	95
5.3.7	<i>Section 7 — Maroochydore</i>	97
5.4	Option selection	100
5.4.1	<i>Selection of preferred option</i>	100
5.4.2	<i>Option development</i>	101
5.4.3	<i>Option evaluation process</i>	101
5.4.4	<i>Mari Street signals</i>	104
5.4.5	<i>Okinja Road realignment</i>	104
5.4.6	<i>Selection of preferred bus stop locations and layouts</i>	105
5.5	Option description	108
5.5.1	<i>Sections 1 and 2 (Caloundra to Currimundi) — Bus station</i>	108
5.5.2	<i>Sections 1 and 2 (Caloundra to Currimundi) — Bus stops</i>	110
5.5.3	<i>Sections 1 and 2 (Caloundra to Currimundi) — Corridor improvements</i>	111
5.5.4	<i>Section 3 (Nicklin Way) — Bus stations</i>	112
5.5.5	<i>Section 3 (Nicklin Way) — Bus stops</i>	116
5.5.6	<i>Section 3 (Nicklin Way) — Corridor improvements</i>	116
5.5.7	<i>Section 4 (Kawana Town Centre) — Bus station</i>	124
5.5.8	<i>Section 4 (Kawana Town Centre) — Bus stops</i>	125
5.5.9	<i>Section 4 (Kawana Town Centre) — Corridor improvements</i>	126
5.5.10	<i>Section 5 (Brisbane Road to Mooloolaba Esp.) — Bus station</i>	132
5.5.11	<i>Section 6 (Alexandra Parade) — Bus stops</i>	132
5.5.12	<i>Section 6 (Alexandra Parade) — Corridor improvements</i>	132
5.5.13	<i>Section 7 (Maroochydore) — Bus stations</i>	136
5.5.14	<i>Section 7 (Maroochydore) — Bus stops</i>	138
5.5.15	<i>Section 7 (Maroochydore) — Corridor improvements</i>	139
5.6	Future-proofing corridor width	143
5.7	Land requirements	145
5.8	Future investigations	145
5.9	References	145
6.	Traffic.....	147
6.1	Introduction	147
6.2	Methodology	147
6.2.1	<i>SIDRA intersection modelling</i>	150
6.3	Preliminary analysis	151
6.3.1	<i>Existing situation</i>	151
6.3.2	<i>Potential benefits, impacts and typical mitigation measures</i>	156
6.4	Future investigations	176
6.5	References	177

Contents (Continued)

7. Pedestrian and cycle access	179
7.1 Introduction	179
7.2 Methodology	179
7.3 Preliminary analysis	180
7.3.1 Existing situation	180
7.3.2 Potential benefits, impacts and typical mitigation measures	188
7.4 Future investigations	192
7.5 References	192
8. Parking.....	195
8.1 Introduction	195
8.2 Methodology	195
8.3 Preliminary analysis	196
8.3.1 Existing situation	196
8.3.2 Parking surveys	201
8.3.3 Potential benefits, impacts and typical mitigation measures	205
8.4 Future investigations	213
8.5 References	213
9. Economic environment.....	215
9.1 Introduction	215
9.2 Methodology	215
9.3 Preliminary analysis	216
9.3.1 Existing situation	216
9.3.2 Potential benefits, impacts and typical mitigation measures	220
9.3.3 Case studies — economic benefits of improved public transport	231
9.4 Conclusion	241
9.5 Future investigations	242
9.6 References	242
10. Network integration.....	247
10.1 Introduction	247
10.1.1 Methodology	247
10.2 Existing public transport network	248
10.2.1 Local bus routes	248
10.2.2 Current bus operations along the CoastConnect corridor	251
10.2.3 TransLink Network Plan	253
10.3 Planning considerations in the CoastConnect corridor	255
10.3.1 Future public transport demand	255
10.3.2 Future land use and infrastructure investment	255
10.4 Proposed bus service strategy for CoastConnect	255
10.4.1 Network design concepts	255
10.4.2 Strategy overview	256
10.4.3 Bus routes	257
10.4.4 Network connections	261
10.4.5 Land use planning	261
10.4.6 Triggers for strategy review	262
10.5 Proposed access to CoastConnect	262
10.5.1 Stations and stops	262
10.5.2 Walking and cycling	264
10.5.3 Kiss-and-ride facilities	264
10.5.4 Park-and-ride facilities	265
10.6 Bus access to proposed Maroochydore bus–rail interchange	265
10.7 Future investigations	267
