Ipswich Motorway Upgrade: Rocklea to Darra – Stage 1

August 2020

Temporary overnight closures:
- Westbound motorway exit to Oxley and Durack
- Service road between Boundary Road and Factory Road Loop

The westbound Ipswich Motorway exit to Oxley and Durack, will be closed overnight Monday 24 August 2020 and will reopen the next morning. The service road between Boundary Road and Factory Road Loop will also be closed during this period.

Detours will be in place to guide traffic to their preferred destination.

Traffic intending to exit the motorway will be detoured via Harcourt Road interchange. Traffic from Donaldson Road overpass or Boundary Road, Rocklea will be detoured via Randolph Street. Please refer the attached map.

Timing
Overnight closure with detour, Monday 24 August 2020 from 7pm to 5am. Further closures will occur late September.

If weather or construction conditions prevent the works from occurring on these dates, they will occur at the next available opportunity. This road closure must occur at night when traffic levels are low to ensure the safety of motorists and work crews on site and to minimise impacts on local business.

Activities and impacts
- Road profiling, asphalt paving and line marking
- Reversing beepers and flashing lights for safety
- Lighting towers to light work areas at night
- Closure of westbound motorway exit ramp to Oxley, detour via Harcourt Road, Darra
- Closure of service road between Boundary Road and Factory Loop Road, detour via Ipswich Motorway entry ramp at Randolph Street

Please drive to the conditions and observe traffic signs. Thank you for your patience during these works.

If you would like further information about the project, please visit www.tmr.qld.gov.au/rocklea2darra1, email contactus@r2d1.com.au or call 1800 204 990.

Thank you for your cooperation,

The Project Team
Map showing temporary overnight closure – Westbound motorway exit to Oxley and Durack, and Ipswich Road service road between Boundary Road and Factory Road Loop

Scheduled closure Monday 24 August 2020 from 7pm and reopen at 5am. Similar closures late September.

Note: If weather or construction conditions prevent the works from occurring on these dates, they will occur at the next available opportunity.
