

Sumners Road Interchange Upgrade

20 August 2019

Dear Resident,

Sumners Road Interchange Upgrade – vegetation removal

The Department of Transport and Main Roads would like advise that as part of the construction works for the Sumners Road Interchange Upgrade further vegetation will be removed from a number of locations throughout the project footprint.

Timing

- Works will commence in **late-August 2019** and will be completed in **mid-September 2019**. Works will occur between **6am to 6pm Monday to Friday** and **8pm to 5am Sunday to Thursday**.
- A combination of day and night works will be undertaken across the site to reduce impacts to the road network and ensure the safety of workers.
- Vegetation removal will be undertaken at a number of locations across the project site throughout the work timeframe.

Works will include, but are not limited to:

- clearing of vegetation and trees throughout the footprint of the project
- removal of mulch after clearing of vegetation and trees
- fauna spotters and catchers will be on site during the vegetation and tree clearing
- light vehicle and plant movement.

Expected Impacts

- Changed traffic conditions may include reduced speed limits, lane or shoulder closures and minor delays. Traffic control and signage will be in place as required. Please allow extra time when planning your travel.
- Nearby residents and businesses may experience short-term impacts such as increased noise, dust and lights from construction equipment and activities.
- Vegetation removal will be minimised where possible.
- Parking conditions on Monier Road (westbound) will change during these works. There will be no parking in the vegetation removal area to ensure the safety of motorists.
- Motorists will be advised of the changes to parking in advance with flyers placed on car windscreens parked on Monier Road.
