

# Road reconstruction – Mackay/Whitsunday Region

## State-controlled roads in Isaac and Whitsunday Regional Council areas

### Package overview

The Department of Transport and Main Roads is reconstructing more than 110 kilometres of state-controlled roads around the Isaac and Whitsunday Regional Council areas as part of Operation Queensland. The roads to be reconstructed include:

- Bowen Developmental Road
- Gregory Highway
- Gregory Developmental Road
- Suttor Developmental Road
- Collinsville – Elphinstone Road

Reconstruction works will be progressively undertaken at multiple sections of these roads from April 2012, weather permitting.

Operation Queensland is the largest reconstruction effort in Queensland's history as part of the joint federal and state-government funded Natural Disaster Relief and Recovery Arrangements (NDRRA). Under these arrangements, the Australian Government provides 75% of the funding, with 25% from the Queensland Government.

Key information	
Length of road being reconstructed	Over 110km on five roads and across more than 50 worksites.
Works involved	Reconstruction works to sealed pavements including repairs, pavement replacement, stabilisation, widening and bitumen resurfacing.
Possible delays	Of up to 15 minutes at each worksite.
Hours of work	Generally 6am – 6pm, seven days a week.

### Traffic conditions

The department will make every effort during construction to minimise delays to motorists and appreciates your patience while these essential works are completed.

The safety of motorists and roadworkers is the number one priority when delivering these works. Traffic lights, traffic controllers, single lane closures and speed restrictions will be used at worksites.

Motorists should drive to the changed conditions and obey all signage for their own safety and the safety of roadworkers.

Delays of up to 15 minutes can be expected as this work is undertaken and motorists should plan their journey accordingly.
